Status Report of Activities at IIIT-Naya Raipur

January, 2024

Academics

1. Ph. D. Comprehensive Presentation of **Ms. Anjali Manhas**, Ph. D. Scholar (Humanities) was held on January 16, 2024.

2. Ph. D. Comprehensive Presentation of **Mr. Nitin Kumar**, Ph. D. Scholar (Management) was held on January 31, 2024.

3. A research paper by **Dr. Lakhindar Murmu,** Assistant Professor (ECE), on the topic, *'Stable Scanning Angle, Polarization-insensitive Band-stop Frequency Selective Surface for Wireless Communication',* has been published in Sadhana Journal, Indian Academy of Sciences.

4. A research paper by alumnus **Mr. Keshav Krishna** and **Dr. Amit Agrawal,** Assistant Professor (Management), on the topic, *'Hyundai Kona: India Entry',* was presented at the *'9th PAN IIM World Management Conference 2023',* held from January 21-24, 2024.

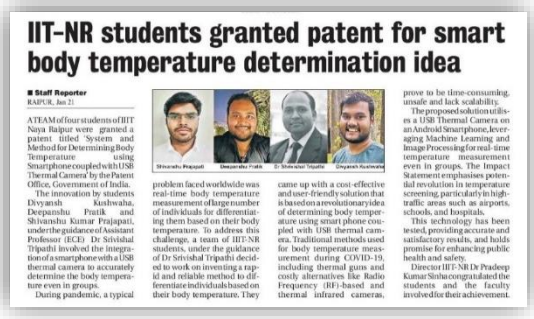

5. A research paper by alumnus **Mr. Nitin Kumar** and **Dr. Amit Agrawal,** Assistant Professor (Management), on the topic, *'Be my Advisor! Examine the Role of Credibility and Perceived Expertise in Building the Parasocial Relationship',* was presented at the *'9th PAN IIM World Management Conference 2023',* held from January 21-24, 2024.

Faculty & Student Achievements

1. IIIT-NR Students Granted Patent

IIIT-NR students **Divyansh Kushwaha**, **Deepanshu Pratik** and **Shivanshu Kumar Prajapati**, under the guidance of **Dr. Srivishal Tripathi**, Assistant Professor (ECE), have been granted a patent titled *'System and Method for Determining Body Temperature using Smartphone Coupled with USB Thermal Camera'* by the Patent Office, Government of India. The innovation involves the integration of a smartphone with a USB thermal camera to accurately determine the body temperature, even in groups.

During COVID-19 pandemic, a typical problem faced worldwide was real-time body temperature measurement of large number of individuals for differentiating them based on their body temperature. To address this challenge, a team of IIIT-NR students, under the guidance of Dr. Srivishal Tripathi, decided to work on inventing a rapid and reliable method to differentiate individuals based on their body temperature. They came up with a cost-effective and user-friendly solution that is based on a revolutionary idea of determining body temperature using smart phone coupled with USB thermal camera. Traditional methods used for body temperature measurement during COVID-19, including thermal guns and costly alternatives like Radio Frequency (RF)-based and thermal infrared cameras, prove to be time-consuming, unsafe and lack scalability. The proposed solution utilizes a USB Thermal Camera on an Android Smartphone, leveraging Machine Learning and Image Processing for real-time temperature measurement, even in groups. The Impact Statement emphasizes the potential revolution in temperature screening, particularly in high-traffic areas such as airports, schools, and hospitals. This technology has been tested, providing accurate and satisfactory results, and holds promise for enhancing public health and safety.

IIT-NR students granted patent for smart body temperature determination idea

RAIPUR, Jan 21

A TEAM of four students of IIIT Naya Raipur were granted a patent titled 'System and Method for Determining Body Temperature using Smartphone coupled with USB Thermal Camera' by the Patent Office, Government of India.

The innovation by students Divyansh Kushwaha, Deepanshu Pratik and Shivanshu Kumar Prajapati, under the guidance of Assistant Professor (ECE) Dr Srivishal Tripathi involved the integration of a smartphone with a USB thermal camera to accurately determine the body temperature even in groups.

During pandemic, a typical problem faced worldwide was real-time body temperature measurement of large number of individuals for differentiating them based on their body temperature. To address this challenge, a team of IIIT-NR students, under the guidance of Dr Srivishal Tripathi decided to work on inventing a rapid and reliable method to differentiate individuals based on their body temperature. They came up with a cost-effective and user-friendly solution that is based on a revolutionary idea of determining body temperature using smart phone coupled with USB thermal camera. Traditional methods used for body temperature measurement during COVID-19, including thermal guns and costly alternatives like Radio Frequency (RF)-based and thermal infrared cameras, prove to be time-consuming, unsafe and lack scalability.

The proposed solution utilises a USB Thermal Camera on an Android Smartphone, leveraging Machine Learning and Image Processing for real-time temperature measurement even in groups. The Impact Statement emphasises potential revolution in temperature screening, particularly in high-traffic areas such as airports, schools, and hospitals.

This technology has been tested, providing accurate and satisfactory results, and holds promise for enhancing public health and safety.

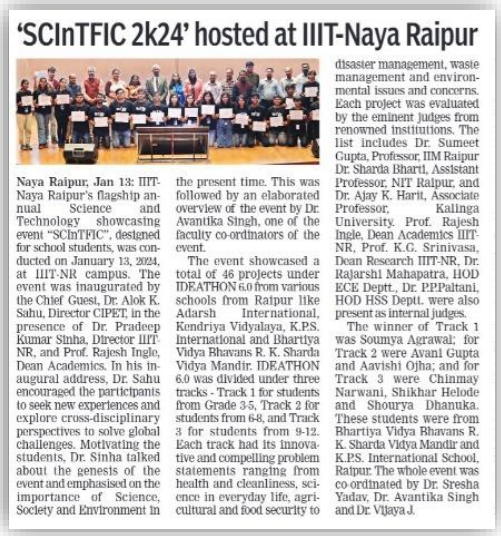

Director IIIT-NR Dr Pradeep Kumar Sinha congratulated the students and the faculty involved for their achievement.

2. **Dr. Lakhindar Murmu,** Assistant Professor (ECE), participated in National Service Scheme (NSS) National Integration Camp at Swami Atmanand Govt. English Medium Model College, Somni, Rajnandgaon from January 02-08, 2024.

Institute Events

1. SCInTFIC 2k24

IIIT-NR's flagship annual Science and Technology Showcasing event *'SCInTFIC'*, designed for school students, was conducted on January 13, 2024, at IIIT-NR campus. The event was inaugurated by the Chief Guest, **Dr. Alok K. Sahu**, Director CIPET, in the presence of **Dr. Pradeep Kumar Sinha**, Director IIIT-NR, and **Prof. Rajesh Ingle**, Dean Academics. In his inaugural address, Dr. Sahu encouraged the participants to seek new experiences and explore cross-disciplinary perspectives to solve global challenges. Motivating the students, Dr. Sinha talked about the genesis of the event and emphasized on the importance of Science,

'SCInTFIC 2k24' hosted at IIIT-Naya Raipur

Naya Raipur, Jan 13: IIIT-Naya Raipur's flagship annual Science and Technology showcasing event "SCInTFIC", designed for school students, was conducted on January 13, 2024, at IIIT-NR campus. The event was inaugurated by the Chief Guest, Dr. Alok K. Sahu, Director CIPET, in the presence of Dr. Pradeep Kumar Sinha, Director IIIT-NR, and Prof. Rajesh Ingle, Dean Academics. In his inaugural address, Dr. Sahu encouraged the participants to seek new experiences and explore cross-disciplinary perspectives to solve global challenges. Motivating the students, Dr. Sinha talked about the genesis of the event and emphasised on the importance of Science, Society and Environment in the present time. This was followed by an elaborated overview of the event by Dr. Avantika Singh, one of the faculty co-ordinators of the event.

The event showcased a total of 46 projects under IDEATHON 6.0 from various schools from Raipur like Adarsh International, Kendriya Vidyalaya, K.P.S. International and Bhartiya Vidya Bhavans R. K. Sharda Vidya Mandir. IDEATHON 6.0 was divided under three tracks - Track 1 for students from Grade 3-5, Track 2 for students from 6-8, and Track 3 for students from 9-12. Each track had its innovative and compelling problem statements ranging from health and cleanliness, science in everyday life, agricultural and food security to disaster management, waste management and environmental issues and concerns. Each project was evaluated by the eminent judges from renowned institutions. The list includes Dr. Sumeet Gupta, Professor, IIM Raipur Dr. Sharda Bharti, Assistant Professor, NIT Raipur, and Dr. Ajay K. Harit, Associate Professor, Kalinga University. Prof. Rajesh Ingle, Dean Academics IIIT-NR, Prof. K.G. Srinivasa, Dean Research IIIT-NR, Dr. Rajarshi Mahapatra, HOD ECE Deptt., Dr. P.P.Paltani, HOD HSS Deptt. were also present as internal judges.

The winner of Track 1 was Soumya Agrawal; for Track 2 were Avani Gupta and Aavishi Ojha; and for Track 3 were Chinmay Narwani, Shikhar Helode and Shourya Dhanuka. These students were from Bhartiya Vidya Bhavans R. K. Sharda Vidya Mandir and K.P.S. International School, Raipur. The whole event was co-ordinated by Dr. Sresha Yadav, Dr. Avantika Singh and Dr. Vijaya J.

Society and Environment in the present time. This was followed by an overview of the event by **Dr. Avantika Singh**, one of the faculty coordinators of the event.

2. Educational Visit by JNV Korea School Students

JNV students praise IIIT during their educational visit

■ Staff Reporter
RAIPUR, Jan 5

FIFTY school girls accompanied by faculty from Jawahar Navodaya Vidyalaya (JNV), Korea made an educational visit to IIIT-Naya Raipur on Friday. These school girls are undergoing one year Vigyan Jyoti Programme conducted by JNV Korea.

Vigyan Jyoti Programme funded by the Department of Science and Technology (DAE-GoI) aims at organising various activities, including visit to an institution of national importance, to encourage girls to pursue their higher studies in Science and Technology. DST has selected IIIT-NR to act as a Knowledge Partner for mentoring the students of Vigyan Jyoti Programme. This programme is in its fourth year and is being implemented in 250 selected districts of the country through Jawahar Navodaya Vidyalayas (JNVs). At each District Centre, about 100 meritorious girl students, 50 each in Class IX-X and Class XI-XII studying in JNV and other centrally funded or government schools located in the vicinity of the implementing JNV are being selected.

The day-long programme started with the inaugural ceremony, in which Director IIIT-NR Dr Pradeep K Sinha welcomed the students and gave them an insight about the institute and its vision and mission. He encouraged the students to make the most out of this visit to IIIT-NR and subsequently decide how each one of them would like to contribute to the Viksit Bharat @2047 movement of India to make India a developed nation by 2047. The students were then shown a glimpse of the activities conducted in the institute through an institute video. This was followed by a panel discussion by women faculties of IIIT-NR in Science and Engineering.

The students were then taken for a visit to the state-of-the-art laboratories of the institute like Internet-of- Things lab, Robotics lab, 3-D Printing lab, Biomedical and Speech Processing lab etc. They were also made to do hands-on practical on some of the lab equipment available in the laboratories. In the end, a student-to-student interaction session was organised, in which IIIT-NR students briefed the school students about the institute, subjects taught, research initiatives, placements etc.

A feedback session was also conducted wherein school girls shared their views about the programme. The students conveyed that they were very happy to see a world class institute developed in Chhattisgarh and would study hard to get selected to study in this institute. Student Anushka said that the visit to IIIT-NR was very fruitful and they could see latest labs like Robotics lab, 3-D printing lab, IoT lab, etc.

Student Siddhi Tripathi said that this visit will be beneficial for selecting the right career path in future. JNV Korea faculty Sangeeta Thakur and Shailendra Sharma also praised the efforts taken by the faculty, staff and students of IIIT-NR in motivating the students to set larger goals in their academic pursuit.

Students of Jawahar Navodaya Vidyalaya, Korea during education visit to IIIT, Naya Raipur on Friday.

Fifty school girls, accompanied by faculty from Jawahar Navodaya Vidyalaya (JNV), Korea(C.G.), made an educational visit to IIIT-NR on January 05, 2024. These school girls are undergoing one year Vigyan Jyoti Programme, conducted by JNV Korea. This programme, funded by the Department of Science & Technology (DST), Government of India, aims at organizing various activities, including visit to an institution of National Importance, to encourage girls to pursue their higher studies in Science & Technology. DST has selected IIIT-NR to act as a Knowledge Partner for mentoring the students of Vigyan Jyoti Programme.

Department of Science & Technology (DST) had launched the Vigyan Jyoti programme in 2019-20, for meritorious girl students studying in Class IX to XII, with an objective to create a gender enabling environment in the country for attracting more girls into under-represented areas in Science, Technology, Engineering and Mathematics (STEM). The programme is in its fourth year and is being implemented in 250 selected districts of the country through Jawahar Navodaya Vidyalayas (JNVs). At each District Centre, about 100 meritorious girl students (50 each in Class IX-X and Class XI-XII), studying in JNV and other centrally funded/govt. schools, located in the vicinity of the implementing JNV, are being selected. These selected students are then exposed to various round-the-year activities, such as interaction with women role models, participation in Science Camps, visits to Knowledge Partner, lectures/tutorials, career counselling, special classes, tinkering activities, workshops, etc. Since the mandate of the Vigyan Jyoti Programme is to motivate girls to pursue higher studies and careers in under-represented areas of STEM, therefore, it is important to connect institutions of National importance, National R&D Labs, IITs, NITs, IISERs, etc., as Knowledge Partners with these JNVs to mentor and help them garner resources required to implement some of these activities.

The day-long program started with the inaugural ceremony, in which **Dr. Pradeep K. Sinha**, Director IIIT-NR, welcomed the students and gave them an insight about the institute and its vision and mission. He encouraged the students to make the most out of this visit to IIIT-NR and subsequently decide how each one of them would like to contribute to the Viksit Bharat @2047 movement of India to make India a developed nation by 2047. The students were then shown a glimpse of the activities conducted in the institute through an institute video. This was followed by a Panel Discussion by Women Faculties of IIIT-NR in Science and Engineering. The students were then taken for a visit to the state-of-the-art laboratories of the institute like

Internet-of-Things lab, Robotics lab, 3-D Printing lab, Biomedical & Speech Processing lab, etc. The students were also made to do hands-on practical on some of the lab equipments available in the laboratories. In the end, a student-to-student interaction session was organized, in which IIIT-NR students briefed the school students about the institute, subjects taught, research initiatives, placements, etc. A feedback session was also conducted, in which the school girls shared their views about the programme. The students conveyed that they were very happy to see a world class institute developed in Chhattisgarh, and would study hard to get selected to study in this institute.

3. Seminar on Artificial Intelligence

IIIT-NR conducts seminar on 'AI for Applications in Psychiatry'

By Dr. Justin Dauwels of TU Delft, Netherlands

Naya Raipur, Jan 18:

IIIT Naya Raipur conduced seminar on 'Artificial Intelligence for Applications in Psychiatry' in its campus on 16 January 2024. This program was conducted by Dr. Justin Dauwels from TU Delft, Netherlands under the umbrella of 'IEEE Distinguished Lecture Series' in India.

Dr. Justin is an IEEE distinguished speaker. Presently, he is an Associate Professor at the TU Delft (Signals and Systems, Department of Microelectronics). Earlier he was an Associate Professor of the School of Electrical and Electronic Engineering at the Nanyang Technological University (NTU) in Singapore. He was the Deputy Director of the ST Engineering - NTU corporate lab, which comprises 100+ PhD students, research staff and engineers, developing novel autonomous systems for airport operations and transportation.

At the TU Delft, he serves as scientific lead of the Model-Driven Decisions Lab (MoDDL), a first lab for the Knowledge Building program between the police and the TU Delft. He also serves as Chairperson of the EE Board of Studies at the TU Delft, and is a board member of the Netherlands Institute for Research on ICT.

In his inaugural address, Dr Pradeep Kumar Sinha, VC & Director of IIIT Naya Raipur welcomed Dr. Justin and briefed him about the institute and the background of the audience. Prof. Rajesh Ingle, Dean Academics of the Institute, then briefed about various IEEE activities happening in the institute.

After his talk, Dr Justin interacted with faculty members and research scholars of IIIT-NR regarding possible research collaborations.

Dr Mailuz Ali, faculty-in-charge of IEEE Student Branch coordinated the session. A separate one-to-one interaction with the faculty and students was also arranged after the session at institute board room.

IIIT NR IEEE Student Branch was formed in the year 2019 and IEEE Women in Engineering (WIE) affinity group in 2022. Many IEEE events have been conducted at IIIT Naya Raipur such as International conferences like IEEE WIECON ECE in Dec 2022, IEEE ICBDS in 2023, IEEE TRIBE Conference in 2020 and IEEE ILS 2023.

We have a very strong IEEE Team at IIIT Naya Raipur. Almost all faculty members are IEEE members, many are elevated to IEEE Senior Member Grade.

Today almost all IIIT-NR faculty members as well as several research scholars and students of IIIT NR are IEEE members- benefiting in their research and education from activities of local and global IEEE professional communities.

IIIT-NR IEEE Student Branch organized a seminar on *'Artificial Intelligence (AI) for Applications in Psychiatry'* on January 16, 2024. The program was conducted by **Dr. Justin Dauwels** from TU Delft, Netherlands, under the umbrella of *'IEEE Distinguished Lecture Series'* in India. Dr. Justin is an IEEE distinguished speaker. Presently, he is an Associate Professor at the TU Delft (Signals and Systems, Department of Microelectronics). Earlier he was an Associate Professor of the School of Electrical and Electronic Engineering at the Nanyang Technological University (NTU), Singapore. His research interests are in Data Analytics with applications to Intelligent Transportation Systems, Autonomous Systems and Analysis of Human Behaviour and Physiology.

4. Talk by Alumni

The Alumni Association of IIIT-NR organized a talk by **Mr. Siddhant Dash**, an alumnus of the first batch of the institute, on the topic *'How to Prepare for Better Career Prospects in India and Abroad',* on January 04, 2024, for the students of IIIT-NR. Siddhant leads Product Management for GenAI experiences for Cloud Security at Cisco, USA. He played a pivotal role as the Founding Product Manager at Armorblox, a Natural Language Processing based Email Security startup in San Francisco, USA, overseeing the end-to-end product development of email security solutions. This resulted in a successful acquisition of Armorblox by Cisco. He was previously at VMware USA. He pursued his Masters from Cornell University, USA which is one of the Ivy League universities in the world. He was previously associated with the National University of Singapore (NUS) and Honeywell India as a Cyber Security Researcher, where he led the development of a secure IoT algorithm, which was published in top tier conferences and journals along with a patent. In his talk, Mr. Siddhant shared his experiences and learnings during his study and career abroad.

5. Workshop on Nano-Fabrication

In a significant leap towards fostering scientific innovation and research, IIIT-NR, organized a one-day workshop on *'Nano-Fabrication Facilities and Techniques'* on January 20, 2024. The event was sponsored by DST, under the Scientific Social Responsibility (SSR) Policy of SERB. This workshop brought together experts, scholars and researchers to explore the latest advancements in Nano-fabrication.

IIIT-NR hosts workshop on 'Nano Fabrication Facilities, Techniques'

■ Staff Reporter

RAIPUR, Jan 22

IN A SIGNIFICANT leap towards fostering scientific innovation and research, Dr Shyama Prasad Mukherjee International Institute of Information Technology (DSPM IIIT), Naya Raipur organised a one-day workshop on 'Nano-Fabrication Facilities and Techniques'.

The programme was held under the supervision of Vice-Chancellor and Director of DSPM IIIT Naya Raipur Dr Pradeep Kumar Sinha.

This workshop brought together experts, scholars, and researchers to explore the latest advancements in nano-fabrication. Advisory Committee comprised of eminent personalities in academia played a pivotal role in shaping the workshop's content. Dean of Academics Dr Rajesh Ingle, Dean of Research and Innovation Dr Srinivasa K G, Head of the Department of Electronics and Communication Engineering (ECE) Dr Rajarshi Mahapatra and Head of Science and Humanities Dr Punya Prasanna Pultani provided valuable insights to ensure the workshop's success. The Organizing Committee led by Principal Investigator from the Department of Electronics and Communication Engineering Dr Manoj Kumar Majumder meticulously planned and executed the workshop, ensuring a seamless experience for participants. He highlighted the significance of the workshop in the context of the institute's broader goals.

Dignitaries and participants of workshop posing for a photo.

The workshop featured two insightful expert talks that shed light on cutting-edge advancements in nano-fabrication. Dr Manoj Kumar Majumder delivered an engaging talk on 'Innovation in Nano-scale based Field Effect Transistors'. His expertise provided attendees with a deep understanding of the latest innovations in this critical area of nano-scale technology. Following this, Assistant Professor ECE IIITNR Dr Deepika Gupta presented her talk on the 'Journey from Conventional to Advanced Non-Volatile Memories', offering a comprehensive perspective on the evolution of non-volatile memory technologies.

The post-lunch session introduced attendees to the Virtual Nano Lab, featuring QuantumATK. The hands-on experience began with the 1st batch engaging in the QuantumATK virtual Nano Lab at the VLSI and embedded laboratory. Simultaneously, the 2nd batch embarked on a visit to VLSI-NANO Fabrication Laboratory at the Incubation Center of the institute.

The workshop received overwhelming participation from faculty members and researcher scholars from IIT Bhilai, NIT Raipur, Pt. Ravishankar Shukla University (Raipur), Rungta College of Engineering and Technology (Bhilai), along with Kalinga University, Anjaneya University and Shri Shankaracharya Institute of Professional Studies of Raipur underscoring the growing interest and importance of nano-fabrication in the scientific community.

As the one-day workshop drew to a close, participants gathered for the concluding segment, which encompassed closing remarks, certificate distribution, a Q&A session, and a valuable feedback session.

The workshop featured two insightful expert talks that shed light on cutting-edge advancements in Nano-fabrication. **Dr. Manoj Kumar Majumder**, Assistant Professor (ECE), delivered an engaging talk on *'Innovation in Nano-scale Based Field Effect Transistors'*. His expertise provided attendees with a deep understanding of the latest innovations in this critical area of Nano-scale technology. Following this, **Dr. Deepika Gupta**, Assistant Professor (ECE), presented her talk on the *'Journey from Conventional to Advanced Non-Volatile Memories'*, offering a comprehensive perspective on the evolution of Non-volatile memory technologies. The workshop introduced attendees to the Virtual Nano Lab, featuring QuantumATK and covered essential Cleanroom Protocols and Safety Measures. A hands-on session was also organized in which the participants engaged in the QuantumATK virtual Nano Lab at the VLSI and Embedded Laboratory. This session provided a unique opportunity for participants to delve into the practical aspects of Nano-fabrication, using advanced tools and simulations. The workshop received overwhelming participation from faculty members and research scholars from IIT Bhilai; NIT Raipur; Pt. Ravi Shankar Shukla University, Raipur; Rungta College of Engineering and Technology, Bhilai; Kalinga University, Raipur; Anjaneya University, Raipur and Shri Shankaracharya Institute of Professional Studies, Raipur, underscoring the growing interest and importance of Nano-fabrication in the scientific community.

Student Activity Centre (SAC) Activities

1. Celebration of World Hindi Day

Yuva Tourism Club of IIIT-NR, conducted an event named *'Masti ki Mehfil'* on the occasion of Vishwa Hindi Diwas on January 10, 2024. The occasion featured an informative session on the significance of World Hindi Day, accompanied by fun and engaging games. These included the Hindi Paheliya (Riddles), Hindi Tongue Twisters, English to Hindi word translation game and a quiz game, testing the participants' knowledge of Hindi. The winning teams were felicitated with goodies, which were Yuva Tourism Club hats and travel brochure of Chhattisgarh.

2. Nether Dash Duos

The sports club of IIIT-NR, *'Atharv'*, organized a Minecraft Gaming Tournament *'Nether Dash Duos'* on January 12, 2024, which brought together 12 enthusiastic duos with total of 24 players in an exciting display of skill, teamwork, and sportsmanship. The thrilling finale saw two duos in a head-to-head sprint to the Nether, with one emerging as the ultimate champion. The event celebrated speed, strategy, and collaborative gaming in the pixelated realms of Minecraft.

Winner: Shreyansh, Dhyanendra

3. Celebration of Youth Day

On the occasion of National Youth Day on January 13, 2024, the Yuva Tourism Club of IIIT-NR marked the day with an enlightening documentary screening on Swami Vivekananda. The program was part of the annual technical exhibition, 'SCInTFIC 2024' and was aimed at igniting the spirits of school children.

4. Spikefest Showdown

The sports club of IIIT-NR, *'Atharv'*, organized a *'Volleyball League Tournament'* from January 15-17, 2024, which brought together five teams with a total of 50 players in an exciting display of skill, teamwork, and sportsmanship. The league format allowed each team to face off against one another, resulting in thrilling matches and intense competition.

The tournament followed a round-robin league format, with each team playing against every other team. Matches were played in a best-of-three sets format, with rally scoring. The point system awarded three points for a win and one point for a loss. The teams accumulated points throughout the tournament, and the team with the highest total points at the end was declared the overall winner.

Winner: Bose House

Players: Adarsh, Keshav, Himanshu, Yogi, Chaitanya, Nitish, Aditya, Anuj, Sakshi and Ananya

5. Political Drama

The *'Model United Nations (MUN)'* club and *'Club-de Théâtre (CDT)'* jointly organized an engaging political drama event, as part of the 'Viksit Bharat Initiative', a platform dedicated to fostering ideas for India's development. In the event, the students showcased their creativity by dressing up as various politicians, mimicking their personas, and actively participating in discussions on policies.

The event provided a creative space for students to express their perspectives on India's development. Dressed as politicians, participants skillfully mimicked the mannerisms and communication styles of real-life leaders, making the event both entertaining and insightful. The format allowed for a dynamic exchange of ideas, as participants responded to questions, addressed concerns, and presented their envisioned strategies for India's progress. The event successfully merged artistic expression with political discourse, creating an engaging and educational experience for both participants and the audience. The event not only celebrated creativity but also stimulated thoughtful conversations on the critical issues facing the nation.

6. Centralized Gym Inauguration

The Centralized Gym of IIIT-NR was inaugurated on January 18, 2024. The event was organized by Student Activity Center (SAC) of IIIT-NR. The event started with the Ribbon Cutting ceremony by **Dr. Pradeep K. Sinha**, Director IIIT-NR,setting the stage for a vibrant and healthier IIIT-NR. This was followed by pooja of the equipments and distribution of Gym Access cards.

7. Debate Aaj Kal

The debating club of IIIT-NR *'Take Da Bait'*, organized *'Debate Aaj Kal'*, as part of the *'Viksit Bharat 2047'* initiative, on January 20, 2024, which was aimed at enhancing the public speaking and debating skills of students. The event provided a platform for participants to engage in structured debates, fostering critical thinking and effective communication, with a focus on topics aligned with Viksit Bharat's vision. The objective was to create an intellectually stimulating environment that complemented the goals of both organizing entities. The thought-provoking debate topics offered students a platform to discuss various dimensions of India's development, fostering meaningful conversations on economic growth, social justice, environmental sustainability and technological advancements.

Winners:

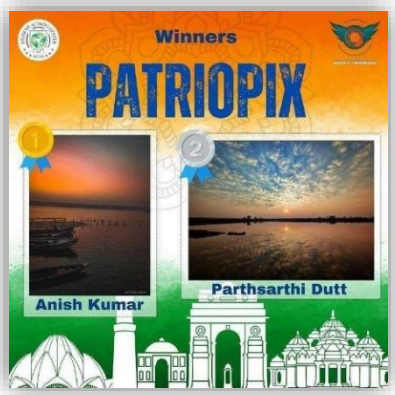

1st position: Kartik Pandey

2nd position: Virat Patel

3rd position: Mehul Agrawal

8. PatroPix 2k24

The photography club of IIIT-NR, *'Shutterbugs'*, organized a photography competition *'PatroPix 2k24'*, from January 20-25, 2024. The aim of the event was to capture the diverse emotions of Republic Day, echoing freedom, pride and unity in a visual narrative that defines our incredible nation.

Winner- Anish Kumar
Runner up- Parthsarthi Dutt

9. Cleanliness Drive at Purkhouti Muktangan

On the occasion of National Tourism Day on January 25, 2024, the Yuva Tourism Club and the National Service Scheme (NSS) of IIIT-NR, collaborated to organize a cleanliness drive at Purkhouti Muktangan, showcasing unwavering dedication and a sense of responsibility to keep the environment clean.

Purkhauti Muktangan is a well laid out park in Naya Raipur, designed to bring various aspects of tribal and cultural sides of Chhattisgarh together. It is a beautiful place with small replicas of famous temples and a picnic spot for families. The volunteers picked up plastic and other waste in and around the park, and also interacted with the locals, helping them realize the importance of hygiene.

10. Republic Day Celebrations

The Student Activity Centre organized Republic Day celebrations on January 26, 2024, in the campus. The day commenced with the flag hosting ceremony, which was followed by a speech by **Dr. Pradeep Sinha,** Director IIIT-NR, urging everyone to uphold the values of the Constitution.

As part of the celebrations, the students organized a cultural program that showcased the diverse talents of the institute community, featuring patriotic performances that resonated with the spirit of the day. The event culminated with the prize distribution ceremony, acknowledging outstanding contributions and achievements of students. Overall, the Republic Day celebration was a joyous and unifying experience, fostering a deep sense of pride and camaraderie among the students and faculty.

Training & Placement Activities

1. The placement session for B. Tech. Batch 2020 started in July 2023. Following students got selected during the month through the institute's on-campus recruitment drives:

   a) Swarup Yeole and Kshitij Kumar have been selected by **Petavue**.

   b) Vajrala Sai Raja has bagged an internship offer by **Harman International (Banglore).**

Meetings

Senate meeting was held on January 31, 2024.

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction and handing over of Residential buildings for staff and faculty completed. Shifting of second and third batch of occupants of these quarters completed.
2. Construction of Admin Building is in progress.
3. Sports Complex construction work restarted.

***** End of Report *****

Status Report of Activities at IIIT-Naya Raipur

February, 2024

Academics

1. End-Term examinations were held from February 26 to March 01, 2024 for 2 credit courses offered in this semester.

2. A research paper by alumnus **Mr. Nitin Kumar** and **Dr. Amit Agrawal,** Assistant Professor (Management), on the topic, *'Femluencing: Unveiling the Dynamics of Female Influencers Beyond Likes and Followers',* was presented at the *'National Conference on Global Business Behavioral Strategies for Sustainable Management Practices (GLOSMAN 2024),* held from February 19-20, 2024.

3. Viva Voce examination of Ph. D. scholar, **Mr. Utkarsh Tiwari** (CSE), was held on February 21, 2024. The title of his thesis is *'Design, Implementation and Analysis of Multi-Modular Exponential Techniques for Public-key Cryptography'*.

4. Viva Voce examination of MS(R) student, **Ms. Jyoti Prajapati** (CSE), was held on February 28, 2024. The title of her thesis is *'Smartphone Based Diagnosis of Hematological Disorders for Remote Antenatal Care'*.

5. Following research papers co-authored by **Dr. Bipin Chandra Mandi**, Assistant Professor (ECE), and **Dr. Maifuz Ali**, Assistant Professor (ECE), were published during the month:

   a) *'Design of an SRAM-Bitcell with Enhanced Self-Recoverability from Soft Errors for Space and Critical Terrestrial Applications'* in the journal 'Integration Volume 96'.

   b) *'Implementation of Adaptive Pulse Skipping Modulation Based Quadratic Buck Converter for Light Load Applications'* presented in the conference 'National Power Electronics Conference (NPEC) 2024'.

   c) *'Design and Implementation of Quadratic Boost Converter for Low Power Applications'* presented at the '3rd International Conference on Power, Control and Computing Technologies (ICPC2T) 2024'.

6. **Dr. Kavita Jaiswal**, Assistant Professor (CSE), presented a paper titled *'A Secure and Efficient Authentication Protocol for Smart Healthcare System in Edge Based IoT-Cloud Environment'* at the 19th Chhattisgarh Young Scientist Congress, held at NIT Raipur on February 26, 2024.

Faculty & Student Achievements

1. Qualification of IIIT-NR Team in ICPC Asia West Contest

IIIT-NR team *'Angry Nerds'* consisting of **Ayushman Tripathi** (3rd year), **Manan Rathod** (4th year) and **Pratyush Parashar** (4th year) have recently qualified for the prestigious *'ICPC Asia West Continent Final Contest'*. IIIT-NR team is the first from Chhattisgarh to ever qualify for this esteemed competition, making this a significant achievement not only for IIIT-NR, but also for the State.

This journey began with the ICPC prelims, where the team qualified for both Kanpur and Amritapuri regionals. The team secured an All India Rank 13 in the Kanpur regionals, which led to the teams' qualification to the ICPC Asia West Continent Final Contest. Considering that only the top 40 teams from India have made it to this competition, the teams qualification underscores its commitment and capability in the field of competitive programming.

The ICPC Asia West Continent Final Contest is a highly competitive event where teams from universities across different countries compete in solving complex programming problems. This accomplishment not only brings recognition to the institute but also inspires our students to strive for excellence and pursue their passion for competitive programming. It is a testament to the commitment and perseverance of team members, who demonstrated outstanding problem-solving abilities and teamwork throughout the qualification process.

The team will now represent both the institute and the country at the ICPC Asia West Continent Final Contest.

2. **Prof. Rajesh Ingle** organized the *'National Workshop On Creation of Thesaurus and a Standard Dictionary for the Gondi Language*' from February 21-27, 2024, at Central Institute of Indian Languages (CIIL), Mysuru, Karnataka. **Dr. Shilendra Mohan**, Director, Central Institute of Indian Languages, Mysuru, Karnataka, **Dr. K. L. Verma** (former Vice Chancellor, Pt. Ravishankar Shukla University Raipur), and officers from CIIL also participated in the event.

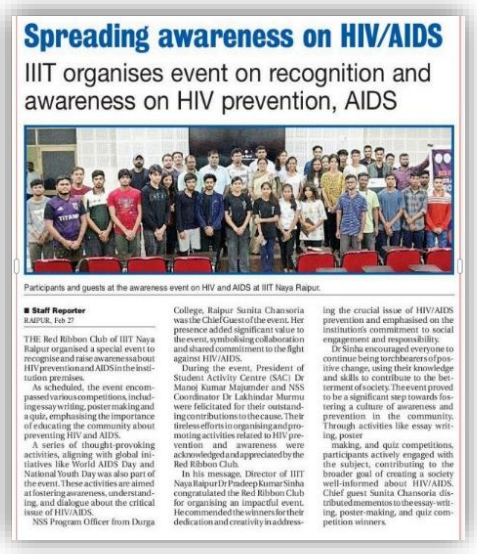

3. A Massive Open Online Course (MOOC) on *'Virtual Education'* has been jointly launched by **Dr. Srinivasa K. G.** and **Prof. Maitreyee Dutta** on the SWAYAM Platform. This module has been designed to train the faculty of technical institutions in the use of virtual education and assessment approaches to effective learning.

Institute Events

1. IIIT-NR Organizes Red Ribbon Club Event: Recognition and Awareness on HIV Prevention and AIDS

The Red Ribbon Club of IIIT-NR organized an event to recognize and raise awareness about HIV prevention and AIDS, on February 24, 2024. The event consisted of

various competitions, including essay writing, poster making, and a quiz, emphasizing the importance of educating the community about preventing HIV and AIDS. The event encompassed a series of thought-provoking activities, aligning with global initiatives like World AIDS Day and National Youth Day. These activities are aimed at fostering awareness, understanding, and dialogue about the critical issue of HIV/AIDS. **Ms. Sunita Chansoria**, an NSS Program Officer from Durga College, Raipur, was the Chief Guest of the event. Her presence added significant value to the event, symbolizing collaboration and shared commitment to the fight against HIV/AIDS. During the event, **Dr. Manoj Kumar Majumder**, Student Activity Centre (SAC) President, and **Dr. Lakhindar Murmu,** NSS Coordinator, were felicitated for their outstanding contributions to the cause. Their tireless efforts in organizing and promoting activities related to HIV prevention and awareness were acknowledged and appreciated by the Red Ribbon Club.

RAIPUR, Feb 27

THE Red Ribbon Club of IIIT Naya Raipur organised a special event to recognise and raise awareness about HIV prevention and AIDS in the institution premises.

As scheduled, the event encompassed various competitions, including essay writing, poster making and a quiz, emphasising the importance of educating the community about preventing HIV and AIDS.

A series of thought-provoking activities, aligning with global initiatives like World AIDS Day and National Youth Day was also part of the event. These activities are aimed at fostering awareness, understanding, and dialogue about the critical issue of HIV/AIDS.

NSS Program Officer from Durga College, Raipur Sunita Chansoria was the Chief Guest of the event. Her presence added significant value to the event, symbolising collaboration and shared commitment to the fight against HIV/AIDS.

During the event, President of Student Activity Centre (SAC) Dr Manoj Kumar Majumder and NSS Coordinator Dr Lakhindar Murmu were felicitated for their outstanding contributions to the cause. Their tireless efforts in organising and promoting activities related to HIV prevention and awareness were acknowledged and appreciated by the Red Ribbon Club.

In his message, Director of IIIT Naya Raipur Dr Pradeep Kumar Sinha congratulated the Red Ribbon Club for organising an impactful event. He commended the winners for their dedication and creativity in addressing the crucial issue of HIV/AIDS prevention and emphasised on the institution's commitment to social engagement and responsibility.

Dr Sinha encouraged everyone to continue being torchbearers of positive change, using their knowledge and skills to contribute to the betterment of society.

The event proved to be a significant step towards fostering a culture of awareness and prevention in the community. Through activities like essay writing, poster making, and quiz competitions, participants actively engaged with the subject, contributing to the broader goal of creating a society well-informed about HIV/AIDS. Chief guest Sunita Chansoria distributed mementos to the essay-writing, poster-making, and quiz competition winners.

In his message, **Dr. Pradeep Kumar Sinha**, Director, IIIT-NR, congratulated the Red Ribbon Club for organizing an impactful event. 2. Annual Sports and Cultural Program at Adopted Villages

Institute Social Responsibility (ISR) cell of IIIT-NR organized an Annual Sports Competition and an Annual Cultural Program for the school students at its adopted villages Uparwara and Nawagaon at Naya Raipur on February 03 & 04, 2024. Since 2021, the ISR team is running Learning Centers named *'Vidyasagar-Phule Learning Center'* in these villages. Students, research scholars, and faculties of IIIT-NR teach at these learning centers every Saturday and Sunday, with the aim to impart better scientific knowledge to school students. More than 40 students each have been

learning at these centers regularly. The students of the Learning Centers participated in various sports events and presented cultural performances during the event. Faculty, staff and students of IIIT-NR attended this event. The event was coordinated by **Dr. Maifuz Ali**, Assistant Professor, Officer-in-charge ISR cell of IIIT-NR.

1. TECHNOVATE 5.0

IIIT-NR organized its annual techno-cultural fest, Technovate 5.0, from February 16-18, 2024, at its campus. **Ms. Priyanka Pachauri** from Chhattisgarh State Renewable Energy Development Agency (CREDA), was the Chief Guest for the event. The event began with the lighting of the lamp and Saraswati Vandana by the dignitaries, which was followed by addresses by the dignitaries including **Dr. Pradeep K. Sinha**, Director IIIT-NR. The first day activities included Hack-O-Harbour Hackathon, Algo Sprint Coding Contest, Tech Expo, Comic Expo, Sports Tournaments, and 'Awaaz' Nukkad Natak Competition. The day ended with a Silent Disco, offering a unique musical experience.

The second day's events included Venture Vista 'Pitchathon', which focused on startup concepts and business strategies. The technical events featured Quiz Competitions covering AI, Space Exploration, Innovation, and Cybernetics. The cultural events included 'Raag Ratri' singing performances and the 'Battle of Bands'. Sports enthusiasts engaged in e-sports, chess, cricket, badminton, futsal, and table tennis tournaments. The day concluded with an EDM night featuring DJ Pablo and Nitro Fun, creating an electrifying atmosphere.

The final day witnessed intense Sports Finals, 'Orators Conclave' showcasing public speaking skills, and a 'Dance Battle' with solo, duet, and group performances. Participants showcased their technological prowess in RoboWars and Coding Speedrun. The festivities concluded with a Bollywood concert featuring Vaani Bhasin, Nikhil D'Souza and DJ Bruno.

Technovate 5.0 was a three-day event that blended technology, culture and sports, creating an unforgettable experience for the IIIT-NR community. Many students from various academic institutes participated in the event.

2. IIIT-NR Team Participated in LNMIIT Sportsfest

A team of IIIT-NR students participated in the Intercollege Sports Fest *'DESPORTIVOS',* organized by LNMIIT Jaipur, from January 25-28, 2024. IIIT-NR team participated in badminton, basketball, chess, table tennis, football and volleyball.

3. **Saraswati Puja**

Saraswati Puja was celebrated in the campus on February 14, 2024 by the faculty, staff and students of the institute.

Training & Placement Activities

1. The placement session for B. Tech. Batch 2020 started in July 2023. Following students got selected during the month through the institute's on-campus recruitment drives:

a) Adnan Akhtar has been selected in the **American Express** Campus Discovery Program 2024.

b) Dhruv Bhati has been selected by **Merkle Science.**

Meetings

a) Civil & Infrastructure Committee meeting was held on February 28, 2024.

b) 23rd Board meeting was held on February 07, 2024.

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction of Admin Building is in progress.
2. Sports Complex construction work is in progress.

***** End of Report *****

Status Report of Activities at IIIT-Naya Raipur

March, 2024

Academics

1. Mid Term Review of Minor and Major Projects was conducted from March 04-07, 2024.

2. Mid Term Break for students was from March 23-30, 2024.

3. A research paper by students **Deepesh Agrawal**, **Shikhar Reyya**, and **Priykrit Varma** and **Dr. Mallikharjuna Rao**, Assistant Professor (DSAI), on the topic, *'Computer Vision-Based Self-Inflicted Violence Detection in High-Rise Environments using Deep Learning',* was presented at the *'2nd International Conference on Power Engineering and Intelligent System (PEIS 2024)',* held on March 16-17, 2024, at National Institute of Technology, Uttarakhand.

4. A research paper by students **Bhavesh Gyanchandani, Aditya Oza and Aniket Nayak** and **Dr. Mallikharjuna Rao**, Assistant Professor (DSAI), on the topic, *'Computer Vision in Heart Rate Measurement from Facial Video Feed: A Pioneering Frontier',* was presented at the *'International Conference on Innovations in Cybersecurity and Data Science (ICICDS-2024)',* held on March 15-16, 2024, at REVA University, Bangalore.

5. Ph. D. Comprehensive Presentation of Ph. D. scholar, **Ms. Nidhee Bhuwal** (ECE), was held on March 15, 2024. The title of her thesis is *'Design and Analysis of Memelements Emulator and Its Applications'.*

6. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Ms. Nalini Pusarla** (ECE), was held on March 04, 2024. The title of her thesis is *'Time-Frequency–based Feature Extraction of EEG Signal for Emotion Classification using Machine Learning Approaches'.*

7. Ph.D. Synopsis presentation of **Mr. Mohd. Ajaharul Hossain**, Ph. D. (Maths) was held on March 05, 2024. The title of his thesis is *'An Investigation of Linear Complementary Pairs of Codes over Finite Fields and their Generalisations'.*

8. IIIT-NR team consisting of **Govind Prasad**, Ph. D. Scholar, **Dr. Bipin Chandra Mandi**, Assistant Professor (ECE) and **Dr. Maifuz Ali**, Assistant Professor (ECE) has been granted patent for *'Computer Device having 14 T SRAM Cells for Aerospace and Terrestrial Applications',* by the Indian Patent Office.

Faculty & Student Achievements

1. **Prof. Rajesh Ingle** received invitation to be an advisor for Mahratta Chamber of Commerce, Industries and Agriculture, Pune (MCCIA) Cyber Security Initiative, which was launched by the US Consul General, **Mr. Mike Hankey** and Israel Consul General **Mr. Kobbi Shoshani,** during the *'Pune International Business Summit (PIBS 2024)'*, with IITB Trust Lab being the Knowledge Partner.

2. **Winners at Analytica 4.0**

IIIT-NR students team *'Cash Commandos'*, consisting of **Shubham Khilari**, **Sahil Dewangan**, **Priyanshu Sidar** and **Jitendra Dewangan,** participated in the *'Analytica 4.0 Regional Case Study Competition*', organized by Grant Thornton India and Jagran Lakecity University (JLU), Bhopal. Competing against eight institutes from Chhattisgarh, the team emerged as the top-performing team.

The competition involved analyzing a comprehensive 17-page case study and developing a solution presentation, within a limited timeframe of 1.5 hours. Despite the intense competition, IIIT-NR team demonstrated exceptional problem-solving skills, securing the win in their first-ever case study competition. The success of the team has earned them the opportunity to represent both their institute and Chhattisgarh at the national finals in Bhopal.

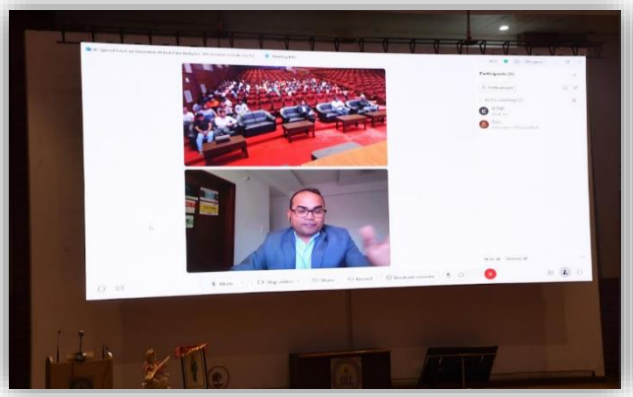

Institute Events

1. **Workshop on Data Analytics and Generative AI**

The AIML club of IIIT-NR organized a workshop on *'Data Analytics and Generative AI'* on March 02, 2024, to engage students in an interactive session with the speakers from industry to enhance their understanding of Generative AI and Data Analytics. **Mr. Ravi Verma**, Senior Manager at Deloitte, delivered a session on Generative AI, exploring its core concepts, applications, and current trends, providing students with a deepdive into this

innovative field. **Mr. Rohit Sharma**, a Data Scientist from PayPal, followed with a comprehensive presentation on Data Analytics, highlighting its importance in decision-making processes and the various tools and techniques used in the industry. The event featured an engaging Q&A session, where students interacted with the speakers, asking insightful questions about career paths, challenges, and opportunities in Generative AI and Data Analytics. The discussions were informative and inspirational, offering students a clearer understanding of the dynamics of career in rapidly evolving technology areas. This event proved to be an enriching experience for the students, enhancing their knowledge and sparking their interest in pursuing future opportunities in the fields of Generative AI and Data Analytics.

2. Hands-on Training in Emerging Technologies for Students of JNV Raipur

IIIT conducts Hands-On Training in Emerging Technologies for students of JNV Mana Camp

Students of Jawahar Navodaya Vidyalaya, Mana Camp during the hands-on training.

■ Staff Reporter

RAIPUR, Apr 21

IIIT Naya Raipur faculty and staff members conducted Hands-On Training in Emerging Technologies for Students of JNV Mana Camp, Raipur under PM Shri Scheme, Ministry of Education. The programme was conducted at JNV and IIIT Naya Raipur campus.

PM Shri Scheme is an initiative aimed at fostering skill development and technological empowerment among students, has brought significant benefits to the budding minds of Jawahar Navodaya Vidyalaya (JNV), Mana Camp, Raipur. Students participated in an enriching internship and training programme.

The programme encompassed modules in Artificial Intelligence, Machine Learning, AR-VR, Data Analysis and 3D Printing. Dr Mallikharjuna Rao along with Gaurav Sharma spearheaded the sessions on Artificial Intelligence and Machine Learning while Dr Shailesh Khapre assisted by Upasana Toppo and Gaurav Sharma delivered into the intricacies of Data Analysis. They also provided students with invaluable insights into the exciting field of Augmented Reality (AR) and Virtual Reality (VR) technology. Furthermore, Dr Lakhindar Murmu along with Purnendra Dhruw provided insightful guidance on 3D Printing.

Students lauded the interactive nature of the sessions and the hands-on approach, which facilitated better comprehension and retention of concepts. Many expressed their eagerness to delve deeper into these domains and explore further avenues for learning and growth.

Valedictory session of this programme was held at IIIT Naya Raipur. During the valedictory session, Principal of JNV Mana Camp Subhash Mahobia expressed his gratitude towards the PM Shri Scheme and IIIT Naya Raipur for providing this enriching opportunity to the students. He emphasised the tangible impact of the programme in broadening the students' horizons and preparing them for future challenges in the rapidly evolving technological landscape.

Vice-Chancellor and Director of IIIT Naya Raipur Professor Dr Pradeep K Sinha extended his warm regards to the Prime Minister for his unwavering support towards empowering the youth through initiatives like the PM Shri Scheme. He reiterated the institute's dedication to fostering a culture of excellence and innovation in education. JNV and IIIT Naya Raipur have agreed to conduct more such events in future.

IIIT-NR faculty and staff members are conducting Hands-on Training Program on Emerging Technologies for the students of JNV Mana Camp, Raipur, from March 23 to April 20, 2024, under the PM Shri Scheme of Ministry of Education, Government of India. As the nation strides towards a digital future, initiatives like the PM Shri Scheme play a crucial role in empowering the youth with the skills and knowledge needed to thrive in the digital age. The internship program, designed to provide students with practical exposure and proficiency in cutting-edge technologies, covered a range of fundamental concepts and hands-on training. The program encompassed modules in Artificial Intelligence, Machine Learning, Augmented Reality-Virtual Reality, Data Analysis and 3D Printing. **Dr. Mallikharjuna Rao**, Assistant Professor and **Mr. Gaurav Sharma**, Technical Assistant, took the sessions on Artificial Intelligence and Machine Learning, while **Dr. Shailesh Khapre**, Assistant Professor and **Ms. Upasana Toppo**, covered Data Analysis and also provided students with invaluable insights into the exciting field of Augmented Reality (AR) and Virtual Reality (VR) technology. **Dr. Lakhindar Murmu** along with **Mr. Purnendra Dhruw** took sessions on 3D Printing.

The comprehensive training not only equipped the students with theoretical knowledge but also allowed them to apply concepts in real-world scenarios, fostering deeper understanding and skill development. By engaging in practical exercises and projects, the participants gained invaluable insights into the applications and potential of these transformative technologies.

3. Hackventure

Chhattisgarh State Renewable Energy Development Agency (CREDA) conducted the inaugural edition of *'Hackventure'*, a 24-hour hackathon, sponsored by Institute Innovation Council (IIC) of IIIT-NR, on March 12, 2024, at the institute. The participants were challenged to channel their creativity and problem-solving skills towards the theme of Green Solar Energy. The hackathon featured three distinct tracks: Blockchain, AIML (Artificial Intelligence and Machine Learning), and Development, providing participants with a diverse array of technological avenues to explore and innovate. The event garnered significant interest, attracting over 50 registrations from budding developers and tech enthusiasts, eager to showcase their talents and contribute to sustainable energy solutions. Following an intense and exhilarating 24 hours of coding and collaboration, the hackathon culminated in a prize distribution ceremony, graced by **Shri Rajesh Singh Rana**, (IAS), CEO CREDA, as the Chief Guest. Hackventure served not only as a platform for fostering innovation and creativity but also as a testament to the power of collaboration and technological prowess in addressing pressing global challenges. The winning team for the Hackventure was the group of students from 2nd semester; **Shashank Mishra**, **Divyansh Kumar Singh Chauhan** and **Kartik Pandey**. Their idea was to develop a smart predicting system for solar energy generation and storage requirements for off-grid communities, enabling efficient planning and deployment of renewable energy solutions in remote areas.

4. Research Internship for CSVTU Students

IIIT-NR extended a transformative opportunity through its 15-week Research Internship program tailored for 3rd Year B. Tech. Students of Chhattisgarh Swami Vivekanand Technical University (CSVTU). The internship Program commenced from March 1, 2024, and will be culminating on June 20, 2024. The program immerses 24 students in the forefront of research under the mentorship of IIIT-NR faculty members. The interns delve into an array of contemporary research domains, including Big Data, Artificial Intelligence, Machine Learning, Deep Learning, Cryptography, Blockchain and Reinforcement Learning. This initiative empowers students with hands-on experience and fosters innovation and a culture of academic excellence, preparing them for the challenges and opportunities of the future in the technological landscapes such as Agriculture, Healthcare, Financial sector, Manufacturing, and Retail industries. **Dr. Mallikarjuna Rao** is the faculty coordinator of the program.

5. A training cum awareness session on Plagiarism Software *'DrillBit'* was conducted through INFLIBNET- UGC, on March 04, 2024.

Student Activity Centre (SAC) Activities

1. BIT-2-BYTE

The coding club of IIIT-NR, *'The Society of Coders'* organized a series of Tech competitions, *'Bit to Byte 24'*, from March 15-17, 2024, which aimed to provide an engaging and competitive platform for participants to showcase their skills in various tech-related fields. The event focused on fostering teamwork, creativity, and problem-solving abilities, while promoting diversity and inclusivity within the tech community. The 3-day event featured a diverse range of competitions, including Competitive Programming, Coding Speedrun, Website Wars, Machine Learning Contest, Apptitude Test, DevGenius Quiz Challenge, CS Fundamentals, English and CodeHer Challenge. The participants were divided into four teams – Gangrust, Byte2bit, Gitignore and Deadlock.

a) The **Competitive Programming Contest** challenged the participants to solve algorithmic problems within a limited time frame using programming languages like C++, Java, and Python. It tested participants' problem-solving skills, algorithmic thinking, and coding proficiency.

b) In the **Coding Speedrun event**, the participants were tasked with solving as many coding problems as possible within a specific time limit. This event evaluated participants' ability to think quickly, write efficient code, and handle a variety of coding challenges.

c) **Website Wars** was a competition to develop responsive websites based on given themes. The participants showcased their creativity, design skills, and proficiency inweb development technologies to create functional and visually appealing websites.

d) The **Machine Learning Contest** challenged the participants to develop accurate and innovative Machine-Learning models using provided datasets. Participants demonstrated their understanding of Machine Learning algorithms, Data Analysis and Predictive Modeling techniques.

e) The **Aptitude Test** evaluated participants' cognitive abilities and problem-solving skills through a comprehensive set of aptitude questions. It assessed participants' Numerical Reasoning, Logical Thinking and Analytical Skills.

f) In the **DevGenius Quiz Challenge**, participants showcased their knowledge of various Development Fields, Programming Languages, Development Tools, and Industry Trends. The quiz tested participants' understanding of software development concepts and technologies.

g) **CS Fundamentals event** tested the participants knowledge of core subjects in Computer Science, including topics like Computer Networks, Operating Systems, and Database Management Systems.

h) The **English event** assessed the participants proficiency in English language, covering areas such as grammar, vocabulary, comprehension, and literature. Participants demonstrated their communication skills and language proficiency through a series of English language questions.

i) The **CodeHer Challenge** was an exclusive event for female participants, where the teams solved algorithmic problems within a specified time limit. It aimed to promote gender diversity in tech and provided a platform for female participants to showcase their coding skills and talents.

Winners:

Competitions	Winner	Runner-Up
DevGenious Quiz	Deadlock	.Gitignore
English Test	.Gitignore	Byte2bit
CS Fundamentals	Gang Rust / Byte2Bit (Draw)	
Coding for Girls	Deadlock	GangRust
Coding Speedrun	GangRust	Byte 2 Bit
Develop a Website	.Gitignore	GangRust
Machine Learning	Byte 2 Bit	.Gitignore
Aptitude Test	GangRust	Deadlock
Competitive Programming	Gang Rust	Byte2bit

2. **Friendly Football Match**

A friendly football match was held between IIIT-NR and Shri Rawatpura Sarkar University (SRU) on March 14, 2024, in which IIIT-NR emerged victorious with a resounding 3-0 win. The match showcased a spirited performance from both sides, with intense competition evident throughout the game. SRU displayed commendable skill and determination, but IIIT-NR's cohesive teamwork and strategic gameplay ultimately secured their triumph.

Training & Placement Activities

1. Following students got good All India Rankings in GATE 2024 exams:
   a) Shivam Saxena, B. Tech. final year student, has bagged **All India Rank (AIR) 38** in GATE Data Science and Artificial Intelligence 2024.
   b) Vishwambhar Reddy, B. Tech. final year student, has bagged **AIR 68** in GATE Data Science and Artificial Intelligence 2024.
   c) Sanskriti Chandra, B. Tech. final year student, has bagged **AIR 951** in GATE Data Science and Artificial Intelligence 2024 and **AIR 8294** in GATE Computer Science 2024.
   d) Sanchit Namdeo, B. Tech. 3rd year student, has bagged **AIR of 336** GATE Data Science and Artificial Intelligence 2024.

Meetings

a) 31st Building & Works Committee meeting was held on March 04, 2024.

b) 24th Board meeting was held on March 06, 2024.

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction of Admin Building is in progress.
2. Sports Complex construction work is in progress.

1. Industry Academia Meet 2024

IIIT hosts 6th Edition of Industry-Academia Meet 2024

■ Staff Reporter
RAIPUR, Apr 16

IIIT-NR hosted the sixth edition of its Industry-Academia Meet 2024 'IAM 2024' bringing together a diverse array of industry professionals, students and academics at its campus in Naya Raipur.

The event was marked by its success in fostering a dynamic platform for the exchange of ideas, experiences, and knowledge.

The theme of IAM 2024 was 'Technology Challenge Showcase' which was aimed to stimulate collaboration between industry and academia and explore avenues for mutual growth.

The distinguished panel of industry leaders featured Director Engineering at Nutanix Tusar Gupta, Senior Principal Technology Architect at Infosys Sachin Agrawal, Director Software Engineering at Cisco Rahul Pandey, Director of Technology at Expedia Group Sandeep Goyal, Vice-President of Business Growth at SigTuple Suman Gautam and Co-Founder of Satkaam Foundation Abhijit Bhide.

The event commenced with an inaugural address by Vice-Chancellor and Director of the Institute Dr Pradeep Kumar Sinha.

Dr Sinha elucidated on the genesis of IAM and IIIT's commitment to bridging the gap between industry and academia through such initiatives. This was followed by a panel discussion on the theme 'Future of Work in an AI World and the Way Forward for Freshers', featuring insights from the esteemed industry delegates. The discussion delved into the transformative impact of AI across various sectors such as education, health, and content creation.

Panelists emphasised AI's role in driving innovation and propelling India towards its ambitious goal of a $5 trillion economy. The industry experts also interacted with the faculty members to introspect into effective curriculum development of IIIT-NR, in line with industry requirements.

Students benefited immensely from the event, gaining valuable insights into the expectations and relevance of their work to industry standards.

The keynote speeches, panel discussions, and networking opportunities collectively offered an enriching experience for students, faculty, and industry professionals alike.

Management of IIIT-NR along with guest speakers at the 6th edition of Industry-Academia Meet.

IIIT-NR hosted the sixth edition of its Industry-Academia Meet on April 16, 2024, bringing together a diverse array of industry professionals, students, and academics in the campus. The event was marked by its success in fostering a dynamic platform for the exchange of ideas, experiences, and knowledge. Representatives from esteemed multinational corporations graced the occasion, with notable names including, Nutanix, Infosys, Cisco, Expedia Group, SigTuple, and Satkaam

Foundation, etc. Their presence underscored the significance of this collaborative effort between academia and industry.

The theme of IAM 2024 was *'Technology Challenge Showcase'*, which was aimed to stimulate collaboration between industry and academia and explore avenues for mutual growth. The event commenced with an inaugural address by **Dr. Pradeep Sinha**, the VC & Director, of the Institute. Dr. Sinha elucidated on the genesis of IAM and IIIT's commitment to bridging the gap between industry and academia through such initiatives. This was followed by a panel discussion on the theme *'Future of Work in an AI World and the Way Forward for Freshers'*, featuring insights from the esteemed industry delegates. The discussion delved into the transformative impact of AI across various sectors such as education, health, and content creation. Panelists emphasized AI's role in driving innovation and propelling India towards its ambitious goal of a $5 trillion economy. They also underscored the importance of equipping students with the requisite skills to thrive in an AI-driven landscape. The session was moderated by Mr. Abhijit Bhide. At the end of panel discussion, the floor was made open for students' questions to the industry experts. The industry experts also interacted with the faculty members to introspect into effective curriculum development of IIIT-NR, in line with industry requirements.

Students benefited immensely from the event, gaining valuable insights into the expectations and relevance of their work to industry standards. The keynote speeches, panel discussions, and networking opportunities collectively offered an enriching experience for students, faculty, and industry professionals alike. This successful iteration of the Industry-Academia Meet further solidifies IIIT-NR's commitment to fostering meaningful collaboration and innovation within the tech ecosystem.

Dr. Amit Kumar Aggarwal and **Dr. Shailesh Khapre**, Assistant Professors, were the faculty coordinators for the event. They said that they look forward to continuing this tradition in the future, aiming to abreast students with the changing job environment and future skills required in freshers.

2. IIIT-NR Organizes Blood Donation Camp

The National Service Scheme (NSS), Red Ribbon Club and Student Activity Centre of IIIT-NR organized a voluntary *'Blood Donation Camp'* on April 20, 2024, at its

campus. This philanthropic endeavor aimed to underscore the institution's commitment to serving humanity and fostering a sense of social responsibility among its students and staff. The event at the institute's auditorium witnessed the convergence of generous souls, eager to contribute to the noble cause. Highlighting the occasion's significance, **Dr. Pradeep Sinha**, Director IIIT-NR said that IIIT-NR is not merely an academic institution; but a community dedicated to positively impacting society and through initiatives like this, the institute strives to instill in its students a sense of empathy and responsibility towards their fellow beings. Echoing these sentiments, **Prof. K. G. Srinivasa**, Registrar (I/C) emphasized the critical role of such initiatives in addressing the perennial shortage of blood units in the region, which is due to various factors, such as lack of awareness and prevalent myths. He further added that by organizing events like this, the institute aims to bridge the gap and contribute to the well-being of the community. The blood donation camp was organized, in collaboration with Shri Rawatpura Sarkar Lok Kalyan Trust. The tireless efforts and coordination by **Dr. Lakhindar Murmu**, NSS Program Officer at IIIT-NR, and **Mrs. Sunita Chansoria**, NSS Program Officer from Durga College Raipur, ensured the seamless functioning of the blood donation camp.

RAIPUR, Apr 24

THE National Service Scheme (NSS), Red Ribbon Club and Student Activity Centre of IIIT Naya Raipur orchestrated a noble initiative hosting a voluntary blood donation camp. The event at the institute's auditorium witnessed the convergence of generous souls eager to contribute to the noble cause. With the esteemed presence of the Director and Registrar, the ambiance was charged with enthusiasm and a spirit of giving.

Highlighting the occasion's significance, Director IIIT-NR Dr Pradeep Sinha said, "We are not merely an academic institution. We are a community dedicated to positively impacting society. Through initiatives like this blood donation camp, we strive to instill in our students a sense of empathy and responsibility towards their fellow beings."

Echoing these sentiments, Registrar (I/C) Professor K G Srinivasa said, "We grapple with a persistent scarcity of blood units due to various factors such as lack of awareness and prevalent myths. By organising events like this, we endeavor to bridge the gap and contribute to the well-being of our community."

The blood donation camp organised in collaboration with the Shri Rawatpura Sarkar Lok Kalyan Trust showcased its commitment to serving society. NSS Programme Officer at IIIT Naya Raipur Dr. Lakhindar Murmu and NSS Programme Officer from Durga College Raipur Sunita Chansoria were pivotal in bringing the 'Bilasa Blood Centre' onboard to the event.

In the programme, as per the instructions of Collector and District Election Officer, Raipur, under the voter awareness programme SVEEP Nodal Office Sunita Chansoria administered the voting oath to all present. 'SVEEP' is a major programme in India to promote voter education, voter awareness and to increase voter information.

A student of IIIT Naya Raipur donating blood.

During the event, as per the instructions of Collector and District Election Officer, Raipur; and as part of the voter awareness program *'Systematic Voter's Education and Electoral Participation (SVEEP)'*, Mrs. Sunita Chansoria, Nodal Officer, administered the voting oath to all present. 'SVEEP' is a major program in India to promote voter education, voter awareness and to increase voter information.

Student Activity Centre (SAC) Activities

1. Workshop on 'HTTP Request Smuggling'

The Information Security club of IIIT-NR, *'Cipher Cell'*, organized a workshop on *'HTTP Request Smuggling'* on April 22, 2024. *'HTTP Request Smuggling'* is a crucial topic in the realm of web security, and during the workshop, the participants explored the intricacies of its vulnerability, its implications and the mitigation strategies to safeguard against potential attacks. The workshop covered the fundamentals of HTTP Request Smuggling; explored how attackers exploit this vulnerability to bypass security measures; and explored the potential consequences of HTTP Request Smuggling attacks, including data breaches, session hijacking, and server-side request forgery. The participants analyzed real-world case studies and dissected

recent high-profile incidents to understand the impact of HTTP Request Smuggling. They also learned effective mitigation techniques and best practices to defend against HTTP Request Smuggling attacks, including header normalization, request buffering and server configurations. The participants also engaged in hands-on demonstrations to simulate HTTP Request Smuggling scenarios and to understand attack vectors and detection methods.

2. Bollywood Quiz

The quiz club of IIIT-NR, *'Inquizitive'*, in collaboration with the drama club of IIIT-NR, *'Club de Theatre (CDT)'*, organized *'Bollywood Quiz'* on April 03, 2024, to check the participant's knowledge about Bollywood movies and shows, while incorporating entertaining performances. It was a successful blend of cultural appreciation and academic engagement, fostering camaraderie among attendees and leaving a memorable impact.

The quiz had three rounds, in which the first round had questions of basic Bollywood knowledge at quiz.com. The second round was a visual round where the teams were supposed to guess the movie name based on the common factor in all the pictures and then guess the movie name by emojis. The third round was a Dumb Charades

round in which one player of the team had to act and the other two had to guess the movie. After the three rounds, the top three teams were crowned winners and runner-ups.

3. MUN 2024

The *'Model United Nations (MUN)'* club of IIIT-NR, organized 'MUN 3.0' conference in the campus from April 13-14, 2024. The conference represented a significant advancement in the realm of Model United Nations (MUN) conferences, offering a more dynamic and immersive experience for its 300+ participants. MUN is a popular extra-curricular activity in which students roleplay as delegates to the United Nations, simulate UN committees, and learn about diplomacy, international relations, current world issues, and the UN itself. MUN conferences help students in honing their public speaking, debate, and speech writing skills faster and better than most other activities. MUN conferences are diplomatic simulations that require you to work with others to pass draft resolutions.

MUN 3.0 was built upon the foundations of traditional MUN formats, introducing innovative elements and modern technologies to enhance delegate engagement, foster deeper learning, and simulate real-world diplomatic negotiations more authentically. In MUN 3.0, delegates were not merely passive observers, but active participants in shaping global discourse and policy solutions. Through interactive simulations, delegates were challenged to think critically, negotiate effectively, and collaborate with peers representing diverse perspectives and interests.

The "3.0" designation signified a notable upgrade from earlier iterations of MUN conferences, embracing advancements in communication, technology, and pedagogy, to create a more immersive and impactful experience. From virtual committee sessions to multimedia presentations and digital resources, MUN 3.0 leveraged modern tools to facilitate learning and engagement in an increasingly interconnected world. Moreover, MUN 3.0 emphasized inclusivity and accessibility, welcoming participants from a wide range of backgrounds and experiences. By providing platforms for dialogue and debate on pressing global issues, MUN 3.0 empowered the next generation of leaders to develop the skills and perspectives needed to navigate complex challenges and contribute meaningfully to a more peaceful and prosperous world.

The event featured a diverse array of committees aimed at addressing pressing global issues and fostering constructive dialogue among participants. These committees included:

a) **UNFCCC (United Nations Framework Convention on Climate Change):** The committee focused on developing comprehensive strategies to mitigate the climate impact of oil spills and facilitate a global transition to sustainable energy.

Gaurav Aggrawal was recognized with the Best Delegation award for his outstanding leadership and diplomacy, representing Libya. **Kamal Mishra** earned High Commendation for his invaluable contributions, representing India.

b) AIPPM (All India Political Parties Meet): The committee focused on deliberating upon the relevance of Article 44 and Directive Principle of State Policy, in shaping the landscape of India: Exploring its impact on societal norms, religious freedoms, gender equality, and cultural diversity. **Tulip Sharma** was awarded Best Delegation for her outstanding performance.

c) CG-Vidhan Sabha (Chhattisgarh Legislative Assembly): The committee focused on addressing concerns raised by protests regarding Hasdeo Aranya Forest Conservation and Sustainable Development. **Siddhant Dubey** earned the title of Best Delegation for his comprehensive understanding and proactive approach.

d) UNSC (United Nations Security Council): The committee focused on addressing Regional Instability in Sub-Saharan Africa through Effective Peacekeeping and Sanction Measures, while Confronting Neocolonial Dynamics. **Inesh Dutt Nagaria** was recognized as the Best Delegation for his adept navigation of complex issues and effective diplomacy.

e) IP (International Press); Journalism and Photography: In the IP Photography event, **Shreya Agrawal** was acknowledged as the Best Delegation, showcasing exceptional skill and creativity in her photographic endeavors. In the realm of IP

Journalism, **Kapil Dewangan** distinguished himself as the Best Delegation, demonstrating exceptional proficiency and dedication to the craft, showcasing insightful reporting and a commitment to journalistic integrity.

4. Cultural Night

IIIT-NR Clubs *Igniters, Capriccio, Indradhanush, Club DeTheatre, Cover to Cover, Take da Bait, Model United Nations* and *Yuva Tourism Club,* together organized a *'Cultural Night'*, on April 25, 2024. The objective of the event was to provide a platform for individuals to immerse themselves in a rich tapestry of artistic expression, encompassing dance, music, photography, debate, discussions, poetry and drama. Through engaging performances, thought-provoking debates, interactive discussions and captivating displays of creativity, the event aimed to ignite passion, foster cultural appreciation, and spark meaningful dialogue among participants. By celebrating the diverse forms of artistic expression, the event aimed to inspire, educate, and connect individuals, cultivating a community, where creativity thrives and perspectives are valued.

2. Sports Complex construction work is in progress.

***** End of Report *****

Status Report of Activities at IIIT-Naya Raipur

May, 2024

Academics

1. End-Term examinations of B. Tech. 2nd, 4th and 6th Semester and M. tech. 2nd semester were held from May 06, 2024 to May 16, 2024. Results of the same were declared on May 30, 2024.

2. A research paper by **Dr. Krishnanada Vishwakarma**, Assistant Professor (Mathematics), on the topic, *'Impact of Delay on Prey-Predator Model with Logistic Growth and Hunting Cooperation',* was presented at the *'4th International Conference on Mathematical Modeling, Computational Intelligence Techniques and Renewable Energy (MMCITRE - 2024)',* held on May 29-31, 2024, organized by Department of Mathematics and Statistics, Manipal University Jaipur, Rajasthan.

3. A research paper by students **Neeraj Gautam**, **Kundan Kumar**, and faculty **Dr. Lakhindar Murmu** and **Dr. Bipin Chandra Mandi**, on the topic *'A Self-quadruplexing Antenna for Quad-band Wireless Applications'*, has been published in the 'Microwave and Optical Technology Letters' journal.

Faculty & Student Achievements

1. **Dr. Krishnanada Vishwakarma**, Assistant Professor (Mathematics), was awarded the Best Faculty Award by the Institute of Technical and Scientific Research (ITSR) and the Institute of Engineers (India), Rajasthan State Centre, Jaipur, on May 19, 2024. To achieve this, he had to go through a two-tier selection process wherein the initial shortlisting was done by the Selection Committee, after which the shortlisted candidates had to deliver a presentation to the Selection Committee.

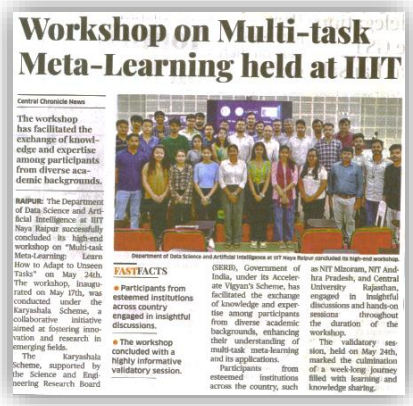

2. A case study by student **Lakshya Singh** and **Dr. Amit Agrawal**, Assistant Professor (Management), on the topic *'A Case Study on Marketing Strategy of boAt'*, was selected as the first runner-up of the 'Annual Best Case Award 2023', at the CASE Association & Eastern Academy of Management (EAM) Conference, held from May 13-17, 2024. The CASE Association is a supportive network of engaged colleagues, who are passionate about case research and the use of case studies in the classroom. In addition to hosting an annual conference in conjunction with the Eastern Academy of Management, the CASE Association works year-round to promote the case method among business scholars and educators.

Institute Events

1. IIIT-NR Organizes Multi Task Meta-Learning Workshop

The Department of Data Science and Artificial Intelligence, IIIT-NR, organized a high-end workshop on *'Multi Task Meta-Learning: Learn How to Adapt to Unseen Tasks'*, from May 17-24, 2024, at its campus. The workshop was sponsored by Science and Engineering Research Board (SERB), Government of India, under its *'Accelerate Vigyan's Scheme'*. The main objective of this scheme was to facilitate the exchange of knowledge and expertise among participants from diverse academic backgrounds, enhancing their understanding of Multi-Task Meta-Learning and its applications. The workshop witnessed participation from all over the country like, NIT Mizoram, NIT Andhra Pradesh, Central University Rajasthan, etc. The workshop was inaugurated on May 17, 2024, in the presence of **Prof. K. G. Srinivasa**, Registrar (I/c) and Dean (Research & Innovation) IIIT-NR.

Workshop on Multi-task Meta-Learning held at IIIT

Central Chronicle News

The workshop has facilitated the exchange of knowledge and expertise among participants from diverse academic backgrounds.

RAIPUR: The Department of Data Science and Artificial Intelligence at IIIT Naya Raipur successfully concluded its high-end workshop on "Multi-task Meta-Learning: Learn How to Adapt to Unseen Tasks" on May 24th. The workshop, inaugurated on May 17th, was conducted under the Karyashala Scheme, a collaborative initiative aimed at fostering innovation and research in emerging fields.

The Karyashala Scheme, supported by the Science and Engineering Research Board (SERB), Government of India, under its Accelerate Vigyan's Scheme, has facilitated the exchange of knowledge and expertise among participants from diverse academic backgrounds, enhancing their understanding of multi-task meta-learning and its applications.

Participants from esteemed institutions across the country, such as NIT Mizoram, NIT Andhra Pradesh, and Central University Rajasthan, engaged in insightful discussions and hands-on sessions throughout the duration of the workshop.

The validatory session, held on May 24th, marked the culmination of a week-long journey filled with learning and knowledge sharing.

FASTFACTS

- Participants from esteemed institutions across country engaged in insightful discussions.
- The workshop concluded with a highly informative validatory session.

Distinguished speakers, including **Dr. Animesh Chaturvedi** from IIIT Dharwad; **Mr. Daksh Thapar**, Research Team Lead AI, Fujitsu Research; **Dr. Ranjeet Ranjan Jha** from IIT Patna; **Dr. Kumari Nidhi Lal**, Assistant Professor at Visvesvaraya National Institute of Technology (VNIT Nagpur), and **Dr. Shaifu Gupta** from IIT Jammu; delved into diverse topics ranging from System Learning Techniques to the application of Multi-Task and Meta-Learning in the medical domain. Additionally, internal faculty members, **Dr. Avantika Singh** and **Dr. Shailesh Khapre**, provided valuable insights during their sessions on Introduction to CNN and its types;

Learning in Robots; Domain Adaptation; Domain Generalization; Data Augmentation, and CNN Network Training for Object Classification. **Dr. Kavita Jaiswal** also contributed with a session on Machine Learning in Cloud Computing, enriching the workshop with her expertise.

The workshop concluded with a highly informative valedictory session, where participants had the opportunity to reflect on their learnings and discuss future avenues for research and application. The event was graced by the presence of **Dr. Rajesh Ingle**, Dean Academics, who offered words of encouragement and gratitude to the participants and organizers. Dr. Ingle emphasized upon the transformative power of education and urged participants to continue their pursuit of excellence. He expressed optimism for the future of Data Science, commending the workshop's role in nurturing the next generation of innovators.

The workshop was coordinated by **Dr. Avantika Singh** and **Dr. Shailesh Khapre**, Assistant Professors, Department of Data Science and Artificial Intelligence, along with a team of organizing committee members including **Mr. Gourav Sharma**, **Mr. Mayank Lovanshi**, **Ms. Urmila**, **Mr. Nilanjan Mitra**, and **Mr. Siddharth Kumar**.

2. Outreach Internship Programme

The *'Outreach Internship Programme (OIP)'* is one of the research initiatives of IIIT-NR to bring students from prominent institutions across the country to the campus, to spend 6 to 8 weeks in the institute, carrying out research under the supervision of IIIT-NR faculty members and making use of the state-of-the-art laboratory facilities at IIIT-NR. The institute has been organizing this programme since 2017. Many students who participated in the previous programs have benefited from this programme, which is evident through the papers published by them in journals and conferences of repute. The OIP programme allows students to participate in ongoing research projects and simultaneously enables them to fulfil the summer internship requirements of their respective academic programs. This year, the application process was initiated from April 22, 2024 to May 15, 2024. A total of 178 registrations were received from various reputed institutions like IIT Madras, IIT Ropar, IIT Guwahati, IIT Patna, IIIT Bhopal, IIEST Shibpur, various Central, State, Private, and deemed universities, etc. A total of 40 students were shortlisted for the OIP 2024 Program. The internship duration is from May 27, 2024 to July 13, 2024.

Student Activity Centre (SAC) Activities

1. TFUG Workshop on Gemini

TensorFlow User Group (TFUG), Durg, conducted a workshop on May 03, 2024, on *'Gemini'*, which is a Generative Artificial Intelligence Chatbot developed by Google.

The objective of the TFUG workshop was to provide participants with a comprehensive understanding of the latest advancements in Natural Language Processing (NLP), Large Language Models (LLMs), Function Calling and Retrieval-Augmented Generation (RAG). The workshop aimed to elucidate the principles and practical applications of these technologies, demonstrating their implementation using TensorFlow. TensorFlow is a free and open-source software library for Machine Learning and Artificial Intelligence. By exploring the architecture and capabilities of contemporary LLMs, showcasing Function Calling Mechanisms and integrating RAG techniques, the workshop intended to enhance participants' skills in developing sophisticated AI solutions. Participants gained insights into real-world applications and industry use cases, equipping them to innovate and improve AI-driven systems in their respective fields.

Training & Placement Activities

The placement session for B. Tech. Batch 2020 started in July 2023. Placement Status till this month is as follows:

S. No.	Particulars	CSE	ECE	DSAI	Total	% (Percentage)
A	Total Students in B. Tech Batch 2020-24	60	60	60	180	
1	Students Interested/Participated in placements	32	27	31	90	50%

Status Report of Activities at IIIT-Naya Raipur

June, 2024

Academics

1. Results of the End-Term examinations were declared on May 30, 2024, and the students are on summer vacations. The classes will commence from July 22, 2024.

2. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Ms. Shivangi Chandrakar** (ECE), was held on June 21, 2024. The title of her thesis is *'Modeling and Performance Analysis of Cu and CNT Base Tapered Via-bump Structure'*.

3. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Mr. Anil Kumar Yerrola** (ECE), was held on June 26, 2024. The title of his thesis is *'Beam Steering and Gain Enhancement of Antenna's by Modification of Ground Plane'*.

4. A project proposal by **Dr. Shailesh Khapre**, Assistant Professor (DSAI), titled *'Advanced Autonomous Navigation and Mapping in Challenging Underwater Environments with Kubernetes Cluster and IoT Integration'* has been approved for funding by IIT Guwahati Technology Innovation and Development Foundation under the SCSP Category.

5. A project proposal by **Dr. Deepika Gupta**, Assistant Professor (ECE) on the topic *'Design and Analysis of Memristor Based Nonvolatile SRAM for Low Power Resource Constraint IoT Applications'*, has been accepted by Council of Scientific and Industrial Research (CSIR).

6. A research paper by **Dr. Kavita Jaiswal**, Assistant Professor (CSE), on the topic *'Exploring the Relationship Between Stress and Health Parameters: An IoT-ML Driven Approach',* was presented at the *'5th International Conference on Data Analytics and Management (ICDAM-2024)'*, organized jointly by London Metropolitan University, London, UK; in association with the WSG University, Bydgoszcz, Poland, Europe; Portalegre Polytechnic University, Portugal, Europe; SGGW Management Institute and BPIT, GGSIPU, Delhi, on June14-15, 2024.

7. A research paper by **Dr. Amit Agrawal**, Assistant Professor (Management), on the topic *'A TOE-DCV Approach to Green Supply Chain Adoption for Sustainable Operations in the Semiconductor Industry',* has been published in the 'International Journal of Production Economics'.

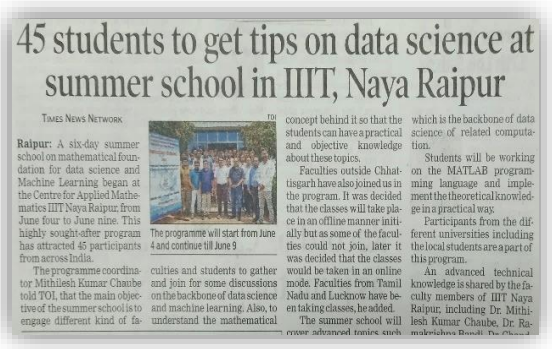

8. A research paper by **Dr. Amit Agrawal**, Assistant Professor (Management), on the topic *'Examining the Issues Related to Consumer Co-created Value: From Policy Perspective',* has been accepted for publication in the 'International Journal of Law and Management'.

9. A research paper by students **Ashutosh Kumar**, **Deepesh Agrawal, Shikhar Reyya** and faculty **Dr. Mallikharjuna Rao**, Assistant Professor (DSAI), on the topic *'Chain Sleuth: Crypto Transaction Tracking Platform',* was presented at the 'International Conference on Cyber Security - Current Perspectives (ICCSCP-2024)', organized by the Computer Society of India, Hyderabad, on June 29, 2024.

Institute Events

1. Summer School on 'Mathematical Foundation for DS and ML'

A six days *'Summer School on Mathematical Foundation for Data Science and Machine Learning',* was organized by the Centre for Applied Mathematics, IIIT-NR, from June 04-09, 2024. The inaugural session took place on June 04, 2024, in the presence of **Prof. K. G. Srinivasa,** Registrar I/c, IIIT-NR, esteemed speakers, HoDs, faculties and research scholars of different disciplines.

45 students to get tips on data science at summer school in IIIT, Naya Raipur

TIMES NEWS NETWORK TOI

Raipur: A six-day summer school on mathematical foundation for data science and Machine Learning began at the Centre for Applied Mathematics IIIT Naya Raipur, from June four to June nine. This highly-sought-after program has attracted 45 participants from across India.

The programme coordinator Mithilesh Kumar Chaube told TOI, that the main objective of the summer school is to engage different kind of faculties and students to gather and join for some discussions on the backbone of data science and machine learning. Also, to understand the mathematical concept behind it so that the students can have a practical and objective knowledge about these topics.

The programme will start from June 4 and continue till June 9

Faculties outside Chhattisgarh have also joined us in the program. It was decided that the classes will take place in an offline manner initially but as some of the faculties could not join, later it was decided that the classes would be taken in an online mode. Faculties from Tamil Nadu and Lucknow have been taking classes, he added.

The summer school will cover advanced topics such which is the backbone of data science of related computation.

Students will be working on the MATLAB programming language and implement the theoretical knowledge in a practical way.

Participants from the different universities including the local students are a part of this program.

An advanced technical knowledge is shared by the faculty members of IIIT Naya Raipur, including Dr. Mithilesh Kumar Chaube, Dr. Ra-

Around 45 participants registered for the summer school from all over the country. Participants were taught advanced topics of knowledge related to Linear Algebra, Probability Theory, Optimization Methods for Machine Learning and Statistical Foundation for Data Science. Participants were also exposed to hands-on practice. The key attraction of the workshop was the highly advanced technical knowledge shared by the IIIT-NR faculty members **Dr. Mithilesh Kumar Chaube**, **Dr. Ramakrishna Bandi**, **Dr. Chandra Shekhar Nishad** and **Dr. Santosh Kumar**. The summer school proved to be beneficial for UG/PG students, research scholars, faculty and industry personnel.

The week long summer school was coordinated by **Dr. Chandra Shekhar Nishad** and **Dr. Mithilesh Kumar Chaube**.

2. 5-Days Workshop for Library Professionals

The library department of IIIT-NR conducted a five-day workshop *'INFLIBNET Regional Training Program on Library Automation (IRTPLA)-2024'*, for the benefit of library professionals, from June 03-07, 2024, at its campus. The workshop was sponsored by the Information and Library Network Centre (INFLIBNET).

INFLIBNET is an autonomous Inter-University Centre of UGC, Ministry of Education, Govt. of India. This is the first time in the state of Chhattisgarh that such a workshop was organized where resource persons from INFLIBNET took the theoretical and practical sessions.

Workshop for library professionals kicks-off

■ Staff Reporter
RAIPUR, June 3

THE five-day workshop for the benefit of library professionals organised by Library Department of IIIT Naya Raipur commenced at its campus from Monday.

Titled 'IRTPLA-2024', the workshop is being sponsored by the Information and Library Network Centre (INFLIBNET). INFLIBNET is an autonomous Inter-University Centre of UGC, Ministry of Education, Government of India.

This is the first time in the state of Chhattisgarh that such a workshop is being organised where resource persons from INFLIBNET will be taking the theoretical and practical sessions offline at IIIT NR.

The inaugural session of the event started with lighting of lamp at Goddess Saraswati's idol. Registrar of the institute Professor K G Srinivasa graced the occasion as the Chief Guest. Librarian of IIM Raipur Dr C K Swain and Librarian of Kalinga University Dr Mohd Nasir were present during the session.

Hema and Roshni of INFLIBNET-UGC briefed the participants about various theoretical and hands-on sessions planned for the next five days. The workshop saw a massive response from library professionals, however, only fifty were short listed to attend.

Participants from NITs, IIM Raipur, Ravishankar Shukla University, HNLU Raipur, and a host of institutions from Varanasi, Patna, Lucknow, Ranchi, Ambikapur, and other places showed enthusiasm.

The co-ordinator of the workshop Ajit Roy, Assistant Librarian of IIIT Naya Raipur presented the overview and genesis of the workshop.

In his inaugural speech, Professor K G Srinivasa urged librarians to stay updated in the age of ICT. He stressed the need to increase footfalls to the library by practicing innovative ideas.

The workshop IRTPLA-2024 aims to impart theoretical, practical aspects and hands-on with SOUL, D Space, Open source software, E-resources, AI and Cloud Computing aspects being utilised in the libraries of the contemporary world. SOUL is a state-of-the-art integrated Library Management System developed by INFLIBNET.

Student Activity Centre (SAC) Activities

1. IIIT-NR Celebrated 10th International Day of Yoga

In association with the Student Activity Center (S.A.C.) of IIIT-NR, the N.S.S. Unit of IIIT-NR, organized the *'10th International Day of Yoga'*, on June 21, 2024. The yoga day started with a yoga session, with participation of **Prof. Srinivasa K.G**, Registrar I/c; **Prof. Mithilesh Kumar Chaube**, Dean R&I; faculty, staff, their family members and the student fraternity. **Mr. Hitesh Kumar**, gold medalist in M.A. (Applied Philosophy & Yoga), took the session on this occasion. After the session, **Dr. Manoj Kumar Majumdar**, SAC President, motivated the participants with his talk

about *'Importance of Yoga in Day-to-day Life'*. He also summarized the theme of this year i.e., *'Yoga for Self and Society'.* Finally, **Dr. Lakhindar Murmu**, the N.S.S. Program Officer, expressed his gratitude to the yoga expert and thanked the official persons and staff for their active participation in making students more aware of the importance of yoga in daily life activities.

IIIT spreads awareness on importance of yoga

■ Staff Reporter
RAIPUR, June 30

IN ASSOCIATION with the Student Activity Center (SAC) of IIIT Naya Raipur, the NSS Unit celebrated International Day of Yoga.

The programme started at the academic premises with the active participation of Dean of Academics Professor Srinivasa K G, Dean R&I Professor Mithilesh Kumar Chaube, faculty, staff, family members and the student fraternity.

Hitesh Kumar, gold medalist in MA (Applied Philosophy and Yoga) took the whole session on this occasion. In this event, more than 30 participants took part.

The SAC president Dr Manoj Kumar Majumdar motivated all the participants with his wonderful talk about importance of yoga in day-to-day life. He also summarised the theme of this year 'Yoga for Self and Society'.

Finally, the NSS programme officer Dr Lakhindar Murmu expressed his gratitude to the yoga expert and sincerely thanked the official persons and staff for their active participation in making students more aware of the importance of yoga in daily life activities.

Faculty, staff and students performing yoga asanas.

Training & Placement Activities

The placement session for B. Tech. Batch 2020 started in July 2023. Following students got selected during the month:

1. Yathin Prakash Kethepalli has bagged a job offer valued at Rs. 1.5+ Cr per annum, by **OTEX** (Optimal Transaction EXecution systems for decentralized financial markets), a renowned company based in the Netherlands. He has not only broken all placement records at IIIT-NR but also surpassed those of premier institutes across India.
2. Sainath Sankepally Reddy has bagged a job offer valued at Rs. 50+ LPA by **CRED**. He is working as a Data Scientist and will be working on implementing AI in Fintech, to solve the day to day business needs of the firm.
3. Anand Kumar Singh, Divyanshu Parganiha and Sahrushi Varma Mandapati have been shortlisted for final interview by **TCS**.

Meetings

1. Civil and Infrastructure Committee meeting was held on June 10, 2024.
2. 25th Board meeting was held on June 24, 2024.

Infrastructure

Status of Various Infrastructure Development Projects

Status Report of Activities at IIIT-Naya Raipur

July, 2024

Academics

1. Results of the B. Tech. 8th Semester and M. Tech. 4th Semester examinations were declared on July 29 and July 30, 2024, respectively. Supplementary and Grade Improvement examinations were conducted from July 03-12, 2024. The classes resumed after summer vacations for Autumn Semester from July 22, 2024.

2. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Ms. Suvrima Datta** (CSE), was held on July 06, 2024. The title of her thesis is *'Intelligent Security Frameworks for IoT Networks Leveraging on SDN'*.

3. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Ms. Aparna Sinha** (ECE), was held on July 29, 2024. The title of his thesis is *'Intelligent Predictive Maintenance for Sustainable Industrial IoT'*.

4. Dr. Krishnanand Vishwakarma, Assistant Professor (Mathematics), presented his research paper on the topic *'Impact of Maturation Delay on Prey-predator Model with Hunting Cooperation'* in the *'2nd International Conference on Recent Advances in Applied Mathematics (RAAM 2024)',* held at Department of Mathematical Sciences, Indian Institute of Technology (BHU), Varanasi during July 03-05, 2024.

5. A research paper by students **Rachamadugu Subramanya Buvan**, **Mudumba Karthikeya Prachodhan**, and **Aneesh Narayan Bandaru** and faculty **Dr. Mallikharjuna Rao**, Assistant Professor (DSAI), on the topic *'Enhancing Abdominal Trauma Diagnosis with AI: Improving Detection, Care, and Outcomes Through Machine Learning',* was presented at the 'International Conference on Data Science and Applications (ICDSA-2024)', organized by MNIT Jaipur, on July 19, 2024.

6. Dr. Kavita Jaiswal, Assistant Professor (CSE), attended the *'1st International Conference on AI Sensors, and the 10th International Symposium on Sensor Science (AIS/I3S 2024)'*, held at the National University of Singapore from August 1-4, 2024. She also presented a poster during the conference, which was awarded the *'Best Poster Award'*.

Institute Events

1. Outreach Internship Programme (OIP) 2024

IIIT Naya Raipur hosts Outreach Internship Programme-2024

■ Staff Reporter
RAIPUR, July 18

THE Outreach Internship Programme (OIP) has been a cornerstone of research collaboration and student development since its inception in 2017 at IIIT Naya Raipur.

This annual research initiative of IIIT-NR bring students from prominent institutions across the country to the campus, to spend 6 to 8 weeks in the institute, carrying out research under the supervision of IIIT-NR faculty members and making use of the state-of-the-art laboratory facilities at IIIT-NR. This year the internship program was conducted from May 27 to July 13.

The programme serves a dual purpose, it allows students to contribute to ongoing research at IIIT-NR and fulfils their respective summer internship requirements.

This year, a total of 178 registrations were received from various reputed institutions like IIT Madras, IIT Ropar, IIT Guwahati, IIT Patna, IIIT Bhopal, IIEST Shibpur, various central, state, private and deemed universities etc. A total of 40 students were short listed for OIP 2024 Programme.

The concluding session of OIP 2024 was held in presence of Dean (Research & Innovation), Dean (Academics) and faculty members.

The session started with Dr Mallikharjuna Rao K, Faculty I/c OIP 2024, presenting a comprehensive report on the program. Dean (Research & Innovation) Dr Mithilesh K. Chaube and Dean (Academics) Professor Dr Srinivasa K G also addressed the gathering.

The interns also shared positive feedback about their experience, praising the state-of-the-art infrastructure and lab facilities available in institute. Some interns are further extending their research for submission to IEEE Transactions. The OIP 2024 interns conveyed their gratitude to IIIT Naya Raipur for providing this valuable opportunity, which has significantly contributed to their academic and professional growth.

The session started with **Dr. Mallikharjuna Rao K**, Faculty I/c OIP 2024, presenting a comprehensive report on the program. He highlighted the contributions of the interns and thanked them for their dedicated efforts. **Dr. Mithilesh K. Chaube**, Dean (Research & Innovation), and **Prof. Srinivasa K.G.**, Dean (Academics), also addressed the gathering, expressing their appreciation for the interns' dedication and hard work. The interns also shared positive feedback about their experience, praising the state-of-the-art infrastructure and lab facilities available in the institute. They said that they learnt the intricacies of research article writing, with many of them already submitting papers to renowned international conferences such as ICPR and SoftCOM. Some interns are further extending their research for submission to IEEE Transactions.

The OIP 2024 interns conveyed their gratitude to IIIT Naya Raipur for providing this valuable opportunity, which has significantly contributed to their academic and professional growth. The success of OIP 2024 reaffirms IIIT Naya Raipur's commitment to fostering research excellence and nurturing future innovators. The programme was co-ordinated by **Dr. Mallikharjuna Rao**.

2. Collaborative Research with Samsung

IIIT-Naya Raipur and Samsung R&D Institute, Bangalore (SRI-B), have an MoU to collaborate in the technology areas of mutual interest and for pursuing industrial/application oriented research and engineering development activity.

Samsung has a unique Industry-Academia Program – Samsung PRISM (Preparing and Inspiring Student Minds) – to stimulate the Indian innovation ecosystem, and build capabilities among students that meet industry needs. SRI-B, Samsung's largest R&D facility outside Korea, is engaged in the development of software and applications for cellular phones, tablets, laptops, computers and other information technology and telecom products. The program is run by SRI-B, and aims to involve some of the reputed engineering institutes of the country. A few other institutes with which SRI-B has signed similar MoUs include IIM Ranchi, IIITDM Kurnool, College of Engineering Pune, BIT Mesra, etc.

With this program, SRI-B collaborates with students and faculty at these engineering institutes, giving them research as well as development projects to be executed over four to six months. Students get to work on projects in cutting edge technology areas such as Artificial Intelligence (including Vision Tech), Machine Learning, Internet of Things, Multimedia, Connected Devices, and 5G Networks, to solve real world problems. Each project is taken up by a team of three students and one professor, with a mentor from SRI-B, who guides and trains them, and conducts regular reviews. Each engineering institute can have multiple teams, and students are selected on the basis of a test conducted by SRI-B. Students are also encouraged to publish papers and file patents jointly with SRI-B.

The idea behind this programme is that it is not only the students who require assistance from the industry, but there is a reverse-learning process for the industry also, that goes into such industry-academia programmes. In consumer technology innovation, students are not only the developers, they are actual millennial consumers of the country. So they understand what they want from the product, they know the pains of the product. So there is a reverse learning also happening for the industry wherein the students would be telling industry what should the product be like. Samsung helps students get the right tools to execute their ideas on a commercial level.

The joint collaborative research work between the two will be continued this year also based on the performances of the previous year's worklet outcomes. To initiate the process for selection of students, a test was conducted by the Samsung PRISM team on July 16, 2024. Students willing to participate in this collaborative research work, appeared for the test and 19 students were selected to work on the problem worklets offered by Samsung. The problem worklets include areas like GenAI, Big

Data, LLM Network, Privacy aware prompt rewriting, AI, ML, Brand detection in Image Creatives, Robotics and Conversion of Indoor House 2D Maps to Gazebo Worlds. These collaborative programmes between the industry and academia help students in “reshaping” their knowledge and makes them “industry-ready”, by the time they graduate from their institutes. **Dr. Srivishal Tripathi**, Assistant Professor (ECE) is the faculty coordinator of this program.

3. IIIT-NR Celebrates Kargil Vijay Diwas

‘Kargil Vijay Diwas’ was commemorated with great enthusiasm and reverence at the institute on July 26, 2024. The event, organized to honour the heroes of the Kargil War, saw the presence of esteemed guests **Mr. Desh Deepak Singh**, Secretary of Ladakh and Jammu Kashmir Study Center, and **Mr. Vinod Agrawal**, the Treasurer, as the Chief Guests.

IIIT-NR celebrates Kargil Vijay Diwas

■ Staff Reporter
RAIPUR, July 29

INTERNATIONAL Institute of Information Technology (IIIT) Naya Raipur celebrated 'Kargil Vijay Diwas' with great enthusiasm and reverence.

The event organised to honour the heroes of the Kargil War, saw the presence of esteemed guests, Secretary of Ladakh and Jammu Kashmir Study Center Desh Deepak Singh and 'Treasurer Vinod Agrawal as the Chief Guests.

The celebration commenced with a warm welcome extended to the guests by Registrar Dr Chandra Shekhar Verma and Dean of Academics Professor Srinivasa K G.

The event also featured felicitation of retired army, navy and airforce personnel, recognizing their invaluable service to the nation. Desh Deepak Singh delivered an inspiring speech, highlighting the significance of Vijay Diwas and the valour of the soldiers who fought in the Kargil War. He emphasized the importance of remembering and honouring their sacrifices. Professor

Srinivasa K G encouraged students to remember the national heroes' contributions, urging them to draw inspiration from the past to build a better future. HoD ECE Dr Rajarshi Mahapatra provided insightful examples of how historical events can be integrated into today's technological era, making history relevant and inspiring for the students. President of the Student Activity Center Dr Manoj Kumar Majumder

motivated the students with his thought-provoking address, urging them to strive for excellence and honour the legacy of the Kargil heroes in their endeavours. The Kargil Vijay Diwas celebration at IIIT Naya Raipur was a poignant reminder of the bravery and dedication of the soldiers, inspiring the young minds to carry forward the spirit of patriotism and service to the nation.

The event concluded with a vote of thanks by **Dr. Lakhindar Murmu**, NSS Program Officer, who expressed gratitude to all the guests, faculty members, and students for their participation and support in making the event a success. The Kargil Vijay Diwas celebration was a poignant reminder of the bravery and dedication of the soldiers,

inspiring the young minds to carry forward the spirit of patriotism and service to the nation.

4. **MoU with We Care Superspeciality Hospital**

A Memorandum of Understanding (MoU) has been signed between IIIT-NR and 'We Care Superspeciality Hospital', for providing medical services to IIIT-NR students and employees, at Central Government Health Scheme (CGHS) rates.

Admissions

Admissions for B. Tech., M. Tech. and Ph. D. students for 2024 batch is in progress. The admission process will be completed by August 14, 2024 and classes for the new batches will commence from August 21, 2024.

Training & Placement Activities

The placement session for B. Tech. Batch 2020 started in July 2023. Following students got selected during the month:

1. Anand Kumar Singh and Divyanshu Parganiha have been selected for **TCS Ninja**.

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction of Admin Building is in progress.
2. Sports Complex construction work is in progress.

***** End of Report *****

Status Report of Activities at IIIT-Naya Raipur

August, 2024

Academics

1. Viva Voce examination of Ph. D. scholar, **Mr. MD Ajaharul Hossain** (Science & Mathematics), was held on August 05, 2024. The title of his thesis is *'An Investigation of Linear Complementary Pairs of Codes Over Finite Fields and their Generalizations'*.

Institute Events

1. IIIT-NR Holds Orientation Program for New B. Tech., M. Tech. & Ph. D. Students

The 3-day Orientation Program for the newly admitted first year B. Tech., M. Tech. & Ph. D. students of IIIT-Naya Raipur was conducted from August 21-23, 2024. The program was designed to cover detailed insight into IIIT-NR's Culture, Academics, Administration, and Personality Development Activities conducted in the institute. As many as 300 students, their parents, faculty and staff members of the institute attended the first day's program.

The first day's program started with the curtain-raiser session, which was graced by the Chief Guest, **Dr. Priyanka Shukla**, Director, Directorate of Technical Education, Government of Chhattisgarh, and the Guest of Honour, **Mr. Pranjal Kamra**, CEO, Finology Ventures Pvt. Ltd. The program commenced with the lighting of lamp and Saraswati Vandana, followed by Chhattisgarh Rajya Geet. In his welcome address, **Prof. K. G. Srinivasa**, Dean (Academics), IIIT-NR, congratulated the students on their admission. He spoke about the achievements of the students of IIIT-NR in the past and motivated the new students to take it as a bench mark and try to break their record. The Chief Guest of the event, Dr. Priyanka Shukla, spoke about her academic journey and experiences and told the students that this is the beginning of a new phase in their life. She asked the students to make the most of the resources available in their institute in these four years. She further added that apart from studies, the students should engage in extra-curricular activities and focus on their personality development. She summed up her talk saying that whatever you do, the ultimate aim should be to be happy in life. The Guest of Honour, Mr. Pranjal Kamra, talked about his journey of becoming an entrepreneur. He said that consistent efforts, irrespective of failures is the key for success in any field. He motivated the students to become job providers instead of job seekers. The inaugural session of the program concluded with the vote of thanks proposed by **Dr. Mithilesh Choubey** (Dean Research & Innovation). The other sessions conducted in the day included a session on Academics at IIIT-NR, Anti-ragging Policy, Training & Placements, Student Activity Centre, IT and Network Policy. An Open House Interaction of the families of the students with the senior administration of the institute was also held, during which queries raised by the students and their parents were answered by the institute representatives. In the third and last session, the freshers got introduced to their new fellow students.

IIIT holds orientation programme for B Tech, M Tech, PhD students

■ Staff Reporter
RAIPUR, Aug 23

A THREE-DAY Orientation Programme for newly admitted first year B Tech, M Tech and PhD students of IIIT-Naya Raipur concluded on Friday. The programme was designed to cover detailed insight into IIIT-NR's culture, academics, administration and personality development activities conducted in the institute. As many as 300 students, their parents, faculty and staff members of the institute attended the first day's programme.

The first day's program started with the curtain-raiser session, which was graced by the Chief Guest Dr Priyanka Shukla, Director Directorate of Technical Education, and Guest of Honour Pranjal Kamra, CEO of

Finology Ventures Private Limited. In his welcome address, Dean (Academics) IIIT-NR Professor K G Srinivasa congratulated

Director Directorate of Technical Education Dr Priyanka Shukla inaugurating the orientation organised at IIIT, Naya Raipur.

the students on their admission. He spoke about the achievements of the students of IIIT-NR in the past and motivated the new students to take it as a bench mark and try to break their record. Chief Guest Dr Priyanka Shukla spoke about her academic journey and experiences. The second day's program was dedicated to academics while the other sessions of the day included sessions on library facilities, dispensary facilities, NSS and ISR activities, IEEE student branch activities and team sync activities. The third day consisted of a motivational session on 'Preparing for the Unknown' by Associate Professor Dr Rajarshi Mahapatra and a session on Student Affairs by Assistant Professor Dr P P Paltani. This was followed by session on 'Alumni Voices', in which alumni of IIIT-NR spoke about their life in the campus and their professional life. The last session of the day was surprise activities, in which the students were given team-building tasks.

In the end, the new students were given an opportunity to showcase their talent in the form of a cultural evening. The 3-day program was coordinated by Assistant Professors Dr Shrivishal Tripathi and Dr Ruhul Amin.

The second day's program was dedicated to Academics, in which sessions were conducted by faculty and staff members on Examinations, Assessments, Gradings, and associated rules; Research & Innovations; Scholarship Opportunities and Outreach; and Students Code of Conduct. Other sessions of the day included sessions on Library Facilities; Dispensary facilities; NSS & ISR activities; IEEE Student Branch activities and Team Sync activities. In the last session for the day, the freshers were introduced to their seniors and interacted with them.

The third day consisted of a motivational session on *'Preparing for the Unknown'* by **Dr. Rajarshi Mahapatra**, Associate Professor, and a session on Student Affairs by **Dr. P. P. Paltani**, Assistant Professor. This was followed by session on *'Alumni Voices'*, in which alumni of IIIT-NR spoke about their life in the campus and their professional life. They shared their views on how to prepare for industry/higher studies, with the new students. The last session of the day was Surprise Activities, in which the students were given team-building tasks, which they had to perform as a team. In the end, the new students were given an opportunity to showcase their talent in the form of a cultural evening.

The 3-day program was coordinated by **Dr. Shrivishal Tripathi**, Assistant Professor and **Dr. Ruhul Amin**, Assistant Professor.

2. IIIT-NR Conducts 'Ek Ped Maa Ke Naam' campaign

Ek Ped Maa Ke Naam: IIIT Naya Raipur welcomes freshers with plantation drive

Staff Reporter
RAIPUR, AUG 25

IIIT Naya Raipur in collaboration with Treewards Foundation organised a tree plantation drive to welcome the new batch of students.

This initiative, part of the larger 'Ek Ped Maa Ke Naam' campaign aims to encourage sustainability and environmental awareness among the youth. The event was attended by new batch of students, faculty members and the Treewards team, registering a enthusiastic participation in the plantation drive.

The campaign underscores importance of environmental conservation and aligns with the vision of Prime Minister Narendra Modi's mission, 'Ek Ped Maa Ke Naam', which emphasises planting trees in the name of one's mother.

Founder of Treewards Foundation Anand Goel expressed his delight at the event, stating, 'IIIT Naya Raipur has set a new benchmark by giving a green welcome to its freshers. This initiative not only marks the beginning of an academic journey for the students but also instills a sense of responsibility towards the environment. Participation of the students and faculty in such large number demonstrates their commitment to a sustainable future.'

The plantation drive is part of Treewards Foundation's ongoing efforts to promote eco-friendly practices through their innovative Treewards programme. This initiative allows individuals and organisations to plant sapling while engaging in various activities, thereby contributing to carbon neutrality and environmental preservation. The 'Ek Ped Maa Ke Naam' campaign is a heartfelt tribute to mothers, encouraging people to plant a tree in their mother's name, symbolising the nurturing and life-giving role of both mothers and trees. The campaign has gained significant traction, inspiring communities across the country to participate in tree plantation activities.

IIT Naya Raipur students of the new batch enthusiastically participating in the sapling plantation.

IIIT's participation in this campaign highlights the institution's commitment to fostering a green and sustainable campus environment. Sapling plantation drive serves as a powerful message to the student community emphasising the importance of ecological balance and the role of individuals in achieving it.

The Ek Ped Maa Ke Naam campaign has been launched by Treewards Foundation in collaboration with Indian Institute of Information Technology Naya Raipur (IIIT-NR) to encourage sustainability and environmental awareness among the youth. The campaign underscores the importance of environmental conservation and aligns with the vision of Prime Minister Narendra Modi's mission, 'Ek Ped Maa Ke Naam', which emphasises planting trees in the name of one's mother.

Speaking on the occasion, **Mr. Anand Goel**, founder of Treewards Foundation, said that IIIT-NR has set a new benchmark by giving a green welcome to its freshers. He further added that this initiative not only marks the beginning of an academic journey for the students but also instills a sense of responsibility towards the environment. He said that the participation of students and faculty in such large numbers demonstrates their commitment to a sustainable future.

The tree plantation drive served as a powerful message to the student community, emphasizing the importance of ecological balance and the role of individuals in achieving it.

3. World Elephant Day

The National Service Scheme (NSS) team of IIIT-NR, organized a mass awareness program on elephants to commemorate *'World Elephant Day'*, on August 12, 2024, in the campus. The aim of celebrating this day was to create awareness of the urgent plight of Asian, Indian, and African elephants and to share knowledge and positive solutions for the better care and management of captive wild species, i.e., elephants. During this event, **Dr. Lakhindar Murmu**, President of the Student Activity Center, and **Dr. Krishnanand Vishwakarma**, NSS Program Officer, motivated and encouraged the students on how to save this gentle giant wild species for a long time. During the program, students also took a pledge to protect elephants.

10. 78th Independence Day Celebrations

IIIT-NR hoisted the tricolor in the campus on August 15, 2024, to mark the 78th Independence Day Celebrations. **Dr. Chandra Shekhar Verma**, Registrar IIIT-NR, hoisted the National Flag, in the presence of faculty, staff and students. While addressing the gathering, Dr. Verma threw light on some of the major achievements of the students of IIIT-NR. Dr. Verma's address was followed by a Cultural program by the students, which was followed by prize distribution to students for their outstanding achievements in sports and cultural activities. A friendly cricket match was organized between the students and faculty teams. This was followed by a Rangoli competition. Fun games were also organized for residents, creating a joyful atmosphere, for the families of IIIT-NR members. The celebrations ended with a patriotic cultural night featuring impressive performances by faculty and staff members, their kids and SAC club members.

4. IIIT-NR IEEE Student Branch organized a seminar on *'AI-Driven Fault Detection and Synthesis'* on August 13, 2024. **Dr. Ravi Kumar Arya**, Director, Xiangshan Laboratory Wireless Group, Xiangshan Laboratory, ZIC University of Science and Technology, Zhongshan, Guangdong, China, was the Guest Speaker for the event.

5. Students of IIIT-NR participated in the *'Red Marathon Race'* competition held at Raipur on August 25, 2024. The objective of the race was to spread awareness about the control of HIV/AIDS.

6. IIIT-NR students participated in various competitions organized as part of the Central Governments *'Naya Bharat Utsav'* program. The students participated in *'Suggestions for Improving Raipur City'* and *'Suggestions on Welfare Schemes of Central Government'* competitions. Students **Yugal Kumar**, **Sanjeev Jatwar**, **Vatsal Shah**, **Alisha Tripathi**, **Lakshya Banjare** and **Devsmita Manjhi** got prizes for their suggestions in both the competitions.

7. One of the IIIT-NR ex-officio Board members, **Shri Chilakapati Sivakumar**, RED, NTPC Ltd., superannuated on July 31, 2024. **Shri Pradipta Kumar Mishra** has taken over as RED NTPC w.e.f August 01, 2024. Dr. C. S. Verma, Registrar and Dr. K. G. Srinivasa, (Dean Academics), met him in his office to welcome him to the Board of IIIT-NR.

SAC Activities

1. Basketball Tournament

The sports club of IIIT-NR *'Atharv'* organized a Basketball Tournament *'B-League'* on August 27, 28 & 30, 2024, at its campus. The B-League aimed to bring together the institute community for a celebration of athleticism and teamwork. Over the course of three action-packed days, participants witnessed intense basketball matches among four competitive teams - Hoop Hijackers, Chutki, Aimbot and Airball. The event also featured a special Girls' Friendly Match, showcasing the skills and talent of female athletes. The event was also aimed to provide an opportunity to the newcomers to experience the vibrant institute atmosphere, foster new friendships and create unforgettable memories.

Winners: AIMBOT

Runner up: HOOP HIJACKERS

2. Atharv Club Orientation

The sports club of IIIT-NR *'Atharv'* organized an 'Orientation' program on August 29, 2024, to introduce new members from the freshers to the club's values, goals, and activities. This event aimed to foster a welcoming environment, provide essential information about the sports programs and facilities, encourage participation, and build a sense of community among members. It also seeked to promote physical fitness, teamwork and a healthy lifestyle, while allowing members to explore various sports opportunities available within the club.

The club heads and coaches elaborated on what new members could expect in terms of training intensity, team dynamics, and progression opportunities. To conclude the orientation on a high note, a lively and interactive quiz was conducted. The quiz covered topics such as club history, sports rules and facts about the sports facilities offered, and was designed to reinforce the information shared during the event.

3. Robonyx Orientation

The Robotics club of IIIT-NR, *'Robonyx'*, organized an orientation program on August 28, 2024, to introduce the club and its objectives to the freshers. The aim of the club is to help the students in learning about Robotics and Electronics and to inspire them to pursue projects in these areas. A video of projects of the previous year was shown to the students.

4. Ciphercell Orientation

The Cybersecurity club of IIIR-NR, *'Ciphercell'* organized an Orientation program on August 28, 2024, to provide the freshers with an overview of cybersecurity and explore its various fields, such as Bug Hunting, Web Security,and App Security, helping them understand the diverse career paths and opportunities within the industry. The students were also provided with insights into the Bug Bounty programs, where ethical hackers can earn rewards for finding and reporting security vulnerabilities. A discussion was also conducted on how cybersecurity is applied in real-world scenario, with examples from industry.

5. TSOC ORIENTATION

The Coding club of IIIT-NR, *'The Society of Coders'* conducted an orientation program on August 27, 2024, to introduce freshers to the Basics of Coding, provide a clear roadmap for skill development, and explain the club's structure, members, and events to foster a strong coding community in the institute. The freshers were briefed about the value of Competitive Programming (CP) and Web Development and were offered advice on selecting the first programming language. They were guided on how to start their coding journey and were introduced to Integrated Development Environments (IDEs) and Coding Platforms.

6. The Fresher Cooker

The quiz club of IIIT-NR, *'Inquizitive Club'* organized a quiz competition *'The Fresher Cooker'*, on August 29, 2024, to engage the new batch of students in a fun and challenging activity. The quiz covered a wide range of topics,from pop culture

to current events, allowing fresher to showcase their knowledge and competitive spirit. The event aimed to foster a sense of camaraderie among the freshers, while testing their knowledge across a broad spectrum of topics, including anime, cinema, music, sports, and general knowledge. The competition began with a round of general knowledge questions, challenging participants on their awareness of various subjects, from trending pop culture references to significant global events which was open to all. The second round was a visual round where the participants had to select the topic and based on that they were asked questions. The participants had to tell the correct answers within the time slot of one minute. The final round was the most intense – a rapid fire round that tested not just the teams' knowledge, but also their reflexes.

Winners of the Event: Shubhangi Singh, Vishesh, Shivam Tiwari, Palak, Gaurav

7. Janmashthami Celebrations

Janmashtami was celebrated with great enthusiasm in the institute on August 26, 2024. The celebrations started with the Pooja ceremony, which was attended by faculty, staff and students. This was followed by a cultural program by the students, which included dance, drama and song performances. Matki Phod event was also organized, in which students gathered in colorful traditional attire, forming human pyramids to reach the clay pot filled with curd, symbolizing Lord Krishna's playful childhood.

Admissions

Admissions for B. Tech., M. Tech. and Ph. D. students for 2024 batch was completed on August 13, 2024 and sessions for the new batches commenced from August 21, 2024. The admission statistics (JEE Rank in different categories) are as follows:

Status Report of Activities at IIIT-Naya Raipur

September, 2024

Academics

1. Viva Voce examination of Ph. D. scholar, **Ms. Nalini Pusarla** (ECE), was held on September 13, 2024. The title of her thesis is *'Time-Frequency-Based Feature Extraction of EEG Signal for Emotion Classification Using Machine Learning Approaches'*.

2. Viva Voce examination of Ph. D. scholar, **Ms. Suvrima Dutta** (CSE), was held on September 27, 2024. The title of her thesis is *'Intelligent Security Frameworks for IoT Networks Leveraging on SDN'*.

3. Comprehensive presentation of **Mr. Vivek Singh Rathore**, Ph. D. (ECE), was conducted on September 20, 2024. The topic of his research work is *'Performance and Cost Optimization of Big Data Processing using Machine Learning'*.

4. A research paper by student **Varada Raju** and faculty **Dr. Mallikharjuna Rao**, Assistant Professor (DSAI), on the topic, *'A Provisional Study of Detecting Diabetes in Pregnant Women using Machine Learning Models',* was presented at the *'International Conference on Sustainable Computing and Intelligent Systems (SCIS 2024)',* held on September 10, 2024, at University of Canberra, Australia.

5. A research paper by students **Abhinav Roy**, **Bhavesh S Gyanchandani** and **Jyoti Sahu** and faculty **Dr. Mallikharjuna Rao**, Assistant Professor (DSAI), on the topic, *'SyncNet: Harmonizing Nodes for Efficient Learning',* was presented at the *'32nd International Conference on Software, Telecommunications and Computer Networks - SoftCOM 2024',* held on September 26, 2024, at University of Split, FESB and Croatian Communications and Information Society (CCIS), Croatia.

Institute Events

1. Hon'ble Governor's Review Meeting

To review the academic status and associated matters of the universities of the State, a review meeting of all Vice Chancellors of the State was conducted by the Hon'ble Governor of Chhattisgarh, **Shri Ramen Deka**, on September 19, 2024. The meeting was attended by **Dr. Chandra Shekhar Verma**, Registrar IIIT-NR, and he presented the status of academic and other activities of the institute, as well as the work done by the faculty, staff and students of the institute.

2. Cyber Commando Training Programme at IIIT-NR

Inaugural session of Cyber Commando Training held at IIIT

■ Staff Reporter

RAIPUR, Sept 30

THE inaugural session of Cyber Commando Training Programme was held at Indian Institute of Information Technology (IIIT) Naya Raipur on Monday. Organised under the joint aegis of the Ministry of Home Affairs, New Delhi, and Chhattisgarh Government, the programme aims to equip police officers with advanced skills to combat cyber crimes.

The event was graced by the presence of ADGP Chhattisgarh Dr Pradeep Gupta as chief guest. Secretary Home Affairs Neha Champawat and Deputy Director MHA/I4C Mayank Ghildiyal were also present as guests of honour. In her address, Secretary Home Affairs Neha Champawath encouraged participants to actively engage in the training program and make the most of the opportunity to enhance their skills.

Special guests along with the police personnel during the inaugural programme.

Earlier, Dr Srinivasa KG welcomed the participants and explained the unique culture and academic environment of IIIT Naya Raipur. The training programme provided police officers with comprehensive knowledge and practical skills in areas such as digital forensics, cybercrime investigation techniques, and emerging cyber threats. The initiative is a significant step towards strengthening the nation's capabilities in addressing the growing challenges posed by cyber crime.

During the advanced training, participants received in-depth training on the latest tools and techniques used in cyber crime investigations. Practical exercises and simulations will provide officers with valuable hands-on experience and renowned experts in the field will share their insights and knowledge with the participants. The Cyber Commando Training Programme is a testament to the commitment of the Ministry of Home Affairs and the State Government to enhancing cyber security and protecting citizens from cyber threats.

In a significant step towards enhancing the nation's cybersecurity readiness, Ministry of Home Affairs (MHA) has launched *'Cyber Commando Training Program'*, a specialized six-month residential course designed to equip participants with cutting-edge skills in Cybersecurity. The program is aimed to create a core group of highly trained police personnel, called *'Cyber Commandos'*, who will be responsible for securing infrastructure in Information and Communication Technologies (ICT), Incident Response, and Digital Forensics in their respective organizations and also as a national resource. This initiative is a collaboration between the Union Home Ministry and the Indian Cybercrime Coordination Centre (I4C) under the Ministry of Home Affairs (MHA). As part of this initiative, the Government has tied up with some of the IITs and the IIITs to train its first batch of Cyber Commandos. IIIT-NR is one among the shortlisted institutes, which includes Sardar Vallabhbhai Patel National Police Academy, Hyderabad; Rashtriya Raksha University, Gandhinagar; NFSU Delhi; NFSU Gandhinagar; IIT Kanpur; IIT Madras; IIIT Kottayam; DIAT Pune; and NFSU Goa.

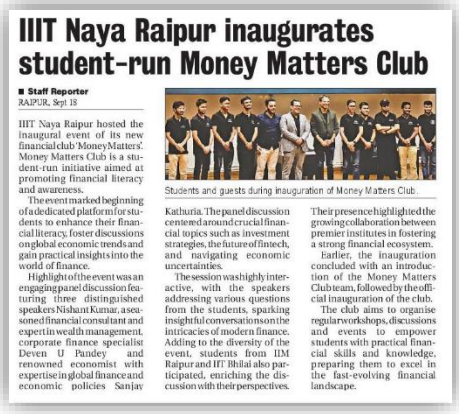

As part of the program, the first batch of 60 police personnel will be trained at IIIT-NR from September 30, 2024. The inaugural session of the event was graced by the presence of dignitaries like **Mr. Pradeep Gupta**, ADGP Chhattisgarh, who was the Chief Guest; **Mrs. Neha Champawat**, Secretary, Home Affairs; and **Mr. Mayank Ghildiyal**, Deputy Director, I4C (MHA), as Guests of Honour. In his inaugural address, Mr. Pradeep Gupta, emphasized on the significance of the program in addressing cyber threats and its positive impact on law enforcement. Mrs. Neha Champawat encouraged participants to actively engage in the training program and make the most of the opportunity to enhance their skills. Mr. Mayank Ghildiyal provided insights into the development and planning of the training programme. **Dr. Srinivasa K. G.**, Dean (Academics) IIIT-NR, welcomed participants and explained the unique culture and academic environment of IIIT-NR. **Dr. Satyanarayana**

Vollala, Program Coordinator, provided an overview of the training curriculum and objectives.

The training program will provide police officers with comprehensive knowledge and practical skills in areas such as Digital Forensics, Cybercrime Investigation Techniques, and Emerging Cyber Threats. The initiative is a significant step towards strengthening the nation's capabilities in addressing the growing challenges posed by cybercrime. During the 6 months training, the participants will receive in-depth training on the latest tools and techniques used in cybercrime investigations and practical exercises and simulations to provide officers with valuable hands-on experience. Renowned experts in the field will also share their insights and knowledge with the participants.

3. IIIT-NR Inaugurates 'Money Matters Club'

IIIT Naya Raipur inaugurates student-run Money Matters Club

■ Staff Reporter
RAIPUR, Sept 18

IIIT Naya Raipur hosted the inaugural event of its new financial club 'MoneyMatters'. Money Matters Club is a student-run initiative aimed at promoting financial literacy and awareness.

The event marked beginning of a dedicated platform for students to enhance their financial literacy, foster discussions on global economic trends and gain practical insights into the world of finance.

Highlight of the event was an engaging panel discussion featuring three distinguished speakers Nishant Kumar, a seasoned financial consultant and expert in wealth management, corporate finance specialist Deven U Pandey and renowned economist with expertise in global finance and economic policies Sanjay Kathuria. The panel discussion centered around crucial financial topics such as investment strategies, the future of fintech, and navigating economic uncertainties.

The session was highly interactive, with the speakers addressing various questions from the students, sparking insightful conversations on the intricacies of modern finance. Adding to the diversity of the event, students from IIM Raipur and IIT Bhilai also participated, enriching the discussion with their perspectives. Their presence highlighted the growing collaboration between premier institutes in fostering a strong financial ecosystem.

Earlier, the inauguration concluded with an introduction of the Money Matters Club team, followed by the official inauguration of the club. The club aims to organise regular workshops, discussions and events to empower students with practical financial skills and knowledge, preparing them to excel in the fast-evolving financial landscape.

Students and guests during inauguration of Money Matters Club.

The highlight of the event was an engaging panel discussion featuring three distinguished speakers: **Mr. Nishant Kumar**, a seasoned Financial Consultant and expert in Wealth Management; **Mr. Deven U. Pandey**, a Corporate Finance Specialist with years of experience in investment strategies; and **Mr. Sanjay Kathuria**, a renowned economist with expertise in Global Finance and Economic Policies. The panel discussion centered around crucial financial topics, such as Investment Strategies, the Future of Fintech, and Navigating Economic Uncertainties. The session was highly interactive, with the speakers addressing various questions from the students, sparking insightful conversations on the intricacies of modern finance. Adding to the diversity of the event, students from IIM Raipur and IIT Bhilai also participated, enriching the discussion with their perspectives. Their presence highlighted the growing collaboration between premier institutes in fostering a strong financial ecosystem.

The inauguration concluded with an introduction of the Money Matters Club team, followed by the official inauguration of the club. The club aims to organize regular

workshops, discussions, and events to empower students with practical financial skills and knowledge, preparing them to excel in the fast-evolving financial landscape. The Money Matters club at IIIT-NR is set to become a hub for finance enthusiasts, offering a platform for students to explore their interest in finance, network with industry professionals, and engage in real-world financial challenges.

SAC Activities

1. C2C Club Orientation

The literary club of IIIT-NR, *'Cover 2 Cover (C2C)'*, organized an *'Orientation Program'* for the newly joined students, on September 03, 2024. The aim of the program was to build a vibrant community around literature. In the program, the new members came to know about activities like book discussions, game nights and anime viewings. The students were told that C2C promoted creative expression through writing workshops and community outreach, fostering a supportive environment that enriches campus culture. They were also briefed that members also have opportunities to collaborate on projects and engage with guest speakers, broadening their understanding of various genres and mediums. This diverse range of activities ensures that everyone can find something that resonates with their interests. To make the event more interactive a quiz was also conducted amongst the students.

2. AIML Club Orientation

The *'AIML'* club of IIIT-NR, organized an *'Orientation Program'* on August 30, 2024, to introduce the students to the world of AIML. The program helped the freshers to know how to get started with learning AI and about AI tools to increase productivity. The students learned about AI in Software Development; Introduction to Frameworks like Numpy, Pandas, Matplotlib; Mind Map for creating the AI-based software, from data extraction to deployment; Introduction and demo of state-of-the-art AI tools and quiz related to Python and Basic AI awareness.

3. Ciphercell Club Orientation

The cybersecurity club of IIIT-NR, *'Ciphercell'*, organized an *'Orientation Program'* on September 20, 2024, to introduce the freshers to the world of Ethical Hacking and CTF (Capture the Flag) competitions. The program provided a foundational understanding of hacking techniques, tools and hands-on experience required to excel in CTF challenges, ultimately helping attendees explore career opportunities in ethical hacking. The session included - Overview of ethical hacking principles; Explanation of CTF competitions, their structure (Jeopardy-style, attack-defense, etc.), and the skills required to solve various challenges related to web security, cryptography, reverse engineering, and more; Showcasing example scenarios and guiding participants through basic web hacking, cryptography, or exploitation tasks; Discussion on how ethical hacking is applied in real-world cases, Connecting CTF skills to industry practices and cybersecurity defense strategies; Insights into popular tools and frameworks used in hacking and CTF competitions, such as Nmap, Burp Suite, Metasploit, and Wireshark.

4. Indradhanush Club Orientation

The arts club of IIIT-NR, *'Indradhanush'*, organized an *'Orientation Program'* for the freshers on September 05, 2024. The event aimed to introduce students to the Indradhanush club and its members. A hands-on art session was also conducted in which attendees made Free Hand Art and Origami. An art related Quiz and Mind Map game, where participants have to guess the colors in a previously shown image, were also conducted. The event gave an opportunity to the students to connect with fellow art enthusiasts.

5. Media and IT Cell Orientation

The *'Media and IT Cell'* of the Student Activity Centre of IIIT-NR, consists of four clubs- Shutterbug, Design and Documentation, Web-Dev, and PR and Social Media. The cell organized an *'Orientation Program'* on September 01, 2024, to introduce students to the four club's vision, activities and opportunities. All the clubs held an introduction session, followed by fun games, to keep the session interactive. Design and Documentation club organized *'Guess the Senior'*, in which juniors identified seniors from an AI-generated group image, while in *'2 Truths and a Lie'*, they had to guess the false statement from those shared by the seniors. Shutterbug organized a series of three game rounds, eliminating the teams through a quiz and a puzzle game, followed by *'Memory Dance'*, which decided the winner. The Web-Dev club organized a quiz related to their domain, while the PR and Social Media club held an *'Ad Guessing'* game. The event provided an engaging way for juniors to learn about the cell and connect with the senior team.

6. ARENA

The quiz club of IIIT-NR, *'Inquizitive'* organized a sports quiz *'Arena',* on September 10, 2024, aimed at introducing the new batch of students to the world of sports, while promoting teamwork and strategic thinking. The quiz was designed to engage freshers with a love for sports, allowing them to test their knowledge and collaborate with their peers. The event kicked off with an online preliminary round hosted on *'Quizizz'*, where individual participants were challenged with a wide array of sports-related questions. From famous athletes and historic matches to modern sports trends, the first round was a true test of each participant's knowledge and quick recall.

The second round was the *'Connect the Dots'* challenge. Here, participants formed teams of three and were presented with a series of images arranged in columns. The teams had to work together to identify the common theme or event that linked the images. This round tested not only the teams' sports knowledge, but also their ability to think critically and spot patterns under pressure. The final round was an *'Audio-Visual'* round. In this round, teams watched clips or heard audio snippets from iconic sports moments and they had to quickly identify the event, player, or context. This round demanded sharp reflexes, deep sports knowledge and perfect coordination among team members.

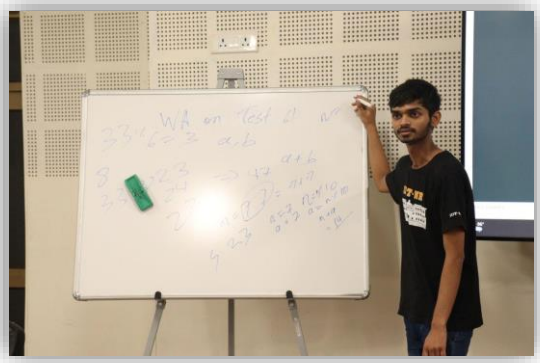

7. Dance Workshop

The dance club of IIIT-NR, *'Igniters'*, organized a *'Dance Workshop'* on August 31, 2024, to enhance the participants' dancing skills, foster creativity and promote physical and mental well-being. The workshop covered technical aspects, creative expression and cultural understanding of dancing. The workshop empowered individuals to discover their unique dance style and build a lifelong love for dance. The workshop also emphasized the importance of collaboration and community building, fostering a supportive and inclusive environment for participants to learn and grow together. Through a variety of activities, including group work, individual practice and performance opportunities, participants developed confidence, self-expression, and dancing abilities.

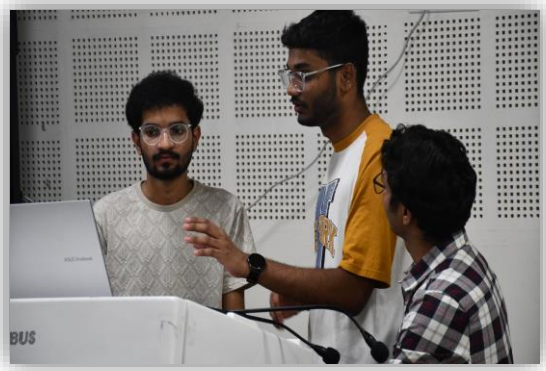

8. CP Workshop

The coding club of IIIT-NR, *'The Society of Coders (TSOC)'*, organized *'CP Workshop'* on September 04, 2024, to introduce students to Competitive Programming through hands-on problem-solving. The workshop covered - Introduction to Competitive Programming, Hands-on session on solving basic problems on Codeforces, Step-by-step guide on submitting solutions and understanding feedback, Overview of common algorithms and techniques used in CP and Sharing of resources, tutorials, and a learning roadmap.

9. DND Workshop

The Design & Documentation Team of Student Activity Centre (SAC) of IIIT-NR, organized *'Design and Documentation (DND) Workshop'* on September 17, 2024. The objective of the workshop was to equip students with essential skills in design and effective documentation, for success in the field of Creative Design. The DND team taught essential design tools, such as Canva and Adobe Illustrator, with a focus on foundational concepts like Color Palettes, Logo Design Principles and Element Selection. To provide hands-on experience, participants were given a limited time to create a poster on 'National Science Day', allowing them to apply what they had learned.

10. Futmania

The sports club of IIIT-NR *'Atharv',* organized *'Futmania',* from September 03-05, 2024, which aimed to unite the institute community in a celebration of athleticism, teamwork, and the passion for football. Spanning over three exhilarating days, the event showcased fierce competition among four teams: Predator FC, Blitzkrieg, Falcons, and Dynamo. The event enabled newcomers to experience their first taste of institute sports culture, with ample opportunities to connect with fellow students, create new friendships, and engage with the dynamic energy of the institute community. Additionally, Futmania featured a Special Exhibition Match between alumni and current students, offering a unique opportunity to witness intergenerational talent.

11. Bollywood Night

The theatre club of IIIT-NR, *'Club de Theatre'*, organized *'Bollywood Night'* event on September 16, 2024, which was aimed to create an exciting and vibrant platform, where students can step into the shoes of iconic Bollywood characters, celebrating the colorful world of Indian cinema. Through energetic dance performances, the reenactment of favorites dialogues and a stylish ramp walk, participants brought to life the charm and

grandeur of Bollywood. The event aimed to ignite enthusiasm for cinematic art, encouraging students to explore the dramatic, musical, and fashion elements that define Bollywood.

12. Yuva Tourism Club Events

'Yuva Tourism Club' of IIIT-NR, organized events *'Guess the Place'* and *'20 Questions'* on September 03, 2024, to promote awareness and interest in tourism and exploration among the students. The objective was also to enhance participants' knowledge about various locations, encourage teamwork and stimulate curiosity about the world around them. The event also sought to create a fun and competitive atmosphere, fostering a sense of connection and collaboration among the students. In the event 'Guess the Place', zoomed-in pictures of various spots around the institute were shown to participants, encouraging exploration of familiar and unfamiliar locations. A total of 8 participants were selected based on their performance in the first round. These participants were then divided into two teams, fostering collaboration and teamwork, as they engaged in the next challenge, '20 Questions', which tested their knowledge and logical thinking. After the second round, only 4 participants were selected for the final stage, which involved the Atlas Game, where participants demonstrated their geographical knowledge and skills.

Winner: Keerat Khanuja

13. Hack-a-Sol 3.0

IIIT-NR organized the third edition of its largest Pan-India hackathon the 'Hack-A-Sol 3.0', from September 13-15, 2024. The aim of organizing the event was to encourage collaborative development in order to create technologies that solve problems of the future, while testing coding skills of the participants in a highly competitive and exhaustive environment. The 30-hour hackathon consisted of 4 different tracks, which stand as a beacon of innovation and collaboration in the realm of technology and problem-solving. The *'Web3'* track consisted of problem statements from the field of Blockchain, NFTs, DeFi and dApps. In *'Cyber Security'* track, contestants were given problem statements of Network Security, Ethical Hacking, Cryptography and Cyber Defense. The *'AI/ML'* track which attracted most of the contestants in the Hackathon, consisted of problem statements of Machine Learning and Artificial Intelligence, inspired from real life scenarios. If the contestant has a separate idea or concept, which did not suit any of the other tracks, then *'Open Track'* was an option. The 3-day event attracted a large pool of talented contestants who gave impressive solutions to a large variety of problem statements.

14. Hands-on Session on Arduino and Raspberry PI

The robotics club of IIIT-NR, *'Robonyx'*, organized a hands-on session on *'Arduino and Raspberry PI'* on September 11, 2024. The topics covered in the session were

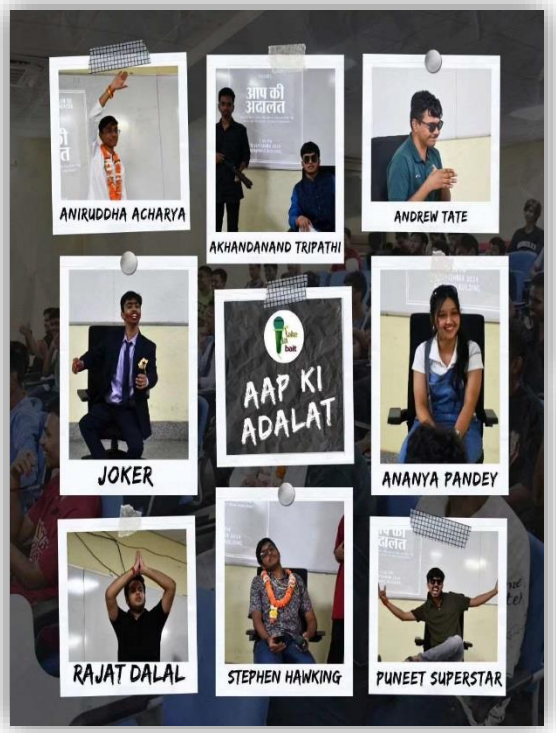

Introduction to Sensors and Actuators; Microcontroller vs Microprocessor; Arduino; TinkerCAD; etc. At the end of the session, the participants were given a challenge to make the servo motor perform motion like a damped pendulum, starting with full speed, then slowing down to stop in an oscillating fashion.

15. Aap Ki Adalat

The debate club *'Take Da Bait'*, and the drama club '*Club De Théâtre'* of IIIT-NR, jointly organized *'Aap Ki Adalat Simulation'* on September 08, 2024. The event was designed to emulate the popular courtroom-style television show, *'Aap Ki Adalat'*. This simulation brought together students who assumed roles of anchors, guests, and audience members, allowing for dynamic interaction, intense debates and thought-provoking discussions. Participants, representing various influential personalities, engaged in spirited exchanges on current socio-political scenarios. The sharpness of questions and depth of responses kept the audience captivated. The audience was not just passive; they posed tough questions, adding a participative edge to the simulation. This created an energetic environment, similar to a real courtroom or debate forum. The simulation allowed students to showcase their public speaking, acting, and debating skills, as well as their ability to remain composed under rapid fire questions by the judges.

Winners: 1) Utsav Garg (Aniruddha Acharya)
2) Abhay Yadav (Karan Johar)
3) Navyansh Singh (Joker

16. Online Poster Making Competition

Design and Documentation (DND) team organized an *'Online Poster Making Competition'* from September 03-05, 2024. The objective of organizing the event during Ganesh Chaturthi, was to encourage creativity and artistic expression, while celebrating the festival's cultural significance. The competition invited participants to design creative posters around the theme of Ganesh Chaturthi. The event aimed to celebrate the cultural essence of Ganesh Chaturthi, while encouraging participants to display their design skills in a virtual format.

Winners: Kaushal Singh, Arpan Khakah, Arpita Dash, Akshita Sondhi

17. Chess Tournament

Sports club of IIIT-NR, *'Atharv'*, organized a *'Chess Tournament'* on September 14, 2024, to promote strategic thinking, patience, and intellectual engagement among students through a highly competitive and mentally stimulating activity. The event aimed to provide participants with a platform to showcase their

analytical skills and tactical expertise in a series of chess matches. Beyond individual performance, the tournament encouraged students to develop focus, discipline and sportsmanship, while fostering a spirit of healthy competition and community within the campus.

Winners: Parth Tekwani, Divyanshu Kumar, Rishikant

18. Ganesh Chaturthi

Student Activity Centre of IIIT-NR organized the celebrations of Ganesh Chaturthi from September 06-09, 2024, at the institute campus. The four-day celebration started with the welcoming of Bappa on the first day. Second day started with Sthapana Poojan, followed by devotional night packed with soulful song presentations, energetic dances, informative quiz and beautiful poetries, providing a platform for everyone to showcase their talents and immerse in the colours of devotion and reverence. The third day activities consisted of fun games, including friendly cricket match for the students. On the last day, all faculty, staff and students participated in the Visarjan, which was a bittersweet adieu to Bappa, with eyes awaiting his welcome the next year.

19. Chai Pe Charcha

'Model United Nations (MUN)' club of IIIT-NR, organized *'Chai Pe Charcha'* on September 19, 2024, to promote diverse perspectives on various topics through informal discussions over tea. The event sparked engaging conversations on various topics, addressing critical issues such as Social Equality, Media's Role in India, and Evolving Education Policies. Participants were divided into different teams, each assigned specific topics for discussion. Participants had the opportunity to share their thoughts, enhance their public speaking skills, and expand their general knowledge, while savoring their favorite coffee or tea.

20. Gaming Night

The literature club *'Cover-to-Cover (C2C)'* and Sports club *'Atharv'* of IIIT-NR, organized *'Gaming Night'* event, on September 12, 2024, to promote social interaction and community building among students by providing a fun and engaging environment for gaming, encouraging teamwork and healthy competition, and offering an opportunity for participants to connect over shared interests, thereby enhancing campus life and fostering friendships. The event featured a variety of games, from intense FIFA and Mortal Kombat tournaments to Rocket League and BGMI.

Training & Placement Activities

1. **Wipro TalentNext** conducted a certification training program on **Java Full stack/DotNet Full Stack** skills. Out of 62 students nominated for the course, 19 students successfully completed the training program, along with required assessments and got course completion certificate for the same.

2. The placement session for B. Tech. Batch 2021 started in July 2024. Following students got selected during the month:

   a) Pragna Margam has been selected for Software Engineer position at **Ultimate Kronos Group**.

   b) Anshul Gupta has been selected by **PayPal**.

Recruitment

Interviews for recruitment of faculty in the Professor and Associate Professor positions were conducted on September 24, 2024.

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction of Admin Building is in progress.
2. Sports Complex construction work is in progress.

Status Report of Activities at IIIT-Naya Raipur

October, 2024

Academics

1. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Mr. Mayank Lovanshi** (CSE), was held on October 18, 2024. The title of his thesis is *'Human Activity Recognition and Motion Prediction Using Pose Estimation'*.

2. Ph. D. Synopsis Presentation of Ph. D. Scholar, **Ms. Priyanka Kumari Gupta** (Physics), was held on October 17, 2024. The title of her thesis is *'Photonic Crystal Based All-Optical Passive Devices'*.

3. Comprehensive presentation of **Mr. Vijay Kumar**, Ph. D. (Mathematics), was conducted on October 04, 2024. The topic of his research work is *'Quantum Locally Recoverable Codes'*.

4. Comprehensive presentation of **Mr. Vijay Kumar Gupta**, Ph. D. (ECE), was conducted on October 28, 2024. The topic of his research work is *'Design and Implementation of Digitally Controlled DC-DC Convertor for Light Load Application'*.

Institute Events

1. Cleanliness Drive

To commemorate the birth anniversary of Mahatma Gandhi, a *'Cleanliness Drive'* was organized at IIIT-NR on October 02, 2024. The event was spearheaded by **Dr. Krishnanand Vishwakarma**, NSS Program Officer and **Dr. Ramakrishna Bandi**, Coordinator of Chhattisgarh Yuva Tourism Club (CYTC), IIIT-NR. Joining them in motivating the participants were the President of the Student Activity Center (SAC), **Dr. Lakhindar Murmu** and **Dr. Maifuz Ali,** H.O.D. ECE, who encouraged the volunteers to actively contribute to the initiative.

With great enthusiasm, NSS volunteers took the lead in cleaning various parts of the campus, making the event a resounding success. The drive aimed to instill a sense of responsibility towards maintaining a clean and healthy environment, in line with Mahatma Gandhi's vision of cleanliness and sanitation. The volunteers covered the entire campus, ensuring that classrooms, common areas, and open spaces were cleaned. Their dedication and hard work reflected their commitment to the cause and the principles of *'Swachh Bharat Abhiyan'*.

SAC Activities

1. MC2 Quiz

The quiz club of IIIT-NR, *'Inquizitive',* organized a quiz competition *'MC Squared Quiz'*, on October 15, 2024. The event kicked off with the first round called *'Quiz.com'*, where participants had to answer a series of tech-based questions to test their general knowledge in Programming, Tech History and Emerging Technologies. From Quiz.com, the ten highest-scoring teams were selected to proceed for a creative *'Tinder Bio Round'*, where each team had to craft a unique 'Witty Bio', mixing humour with tech knowledge, to introduce themselves in an engaging, light-hearted way. Following the bio round, teams faced the *'Connect the Dots'* challenge, where they had to solve interconnected questions that require teamwork, quick thinking and logical reasoning. This round strengthened team cohesion and prepared participants for the coding and technical challenges ahead. The competition then intensified with a *'Pseudo Code and Technical Round',* where teams had to tackle complex coding questions and write pseudocode for various scenarios. This round assessed their coding abilities, algorithmic thinking and problem-solving skills under pressure. The top-performing teams from the technical round advanced to the *'Rapid-Fire Final Round'*, where the teams had to answer a series of technical questions within seconds, testing their recall, accuracy and composure, under intense time constraints. At the end of this thrilling sequence, one team emerges victorious, having demonstrated skill, creativity and technical expertise across each unique round of the MC Squared Quiz.

Winners: MD Athar Sharif, Mayank Dixit, Bhupesh Kumar Rajak

2. Aarambh 7.0

The Sports club of IIIT-NR, *'Atharv'*, organized the seventh edition of the three-day Annual Sports Fest, *'Aarambh'*, from October 18-20, 2024. The sports fest brought together students, faculty and staff in a celebration of sportsmanship and team spirit. From start to finish, each day was packed with exciting matches, skillful displays, and friendly competition across various sports events, creating an energizing atmosphere in the campus. The participants were divided into four teams - Mavricks, Titans, Renegades and Spartans. The various sports events organized were volleyball, cricket, kabaddi, basketball, chess, badminton, etc. The event provided a platform to the newcomers to experience their first taste of college spirit, with opportunities to meet fellow students, forge new friendships and immerse themselves in the vibrant atmosphere of college life.

Winners: Renegades
Runners up: Mavricks

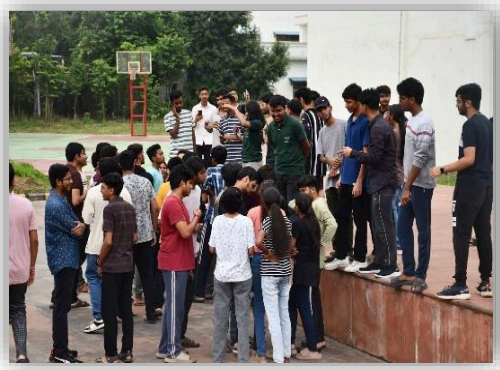

3. Pictaquest

The photography club of IIIT-NR, *'Shutterbug'*, organized a photography themed treasure hunt competition, on October 27, 2024, aimed at encouraging creativity and collaboration among participants, while promoting appreciation for photography. Four teams competed in the event, to solve clues related to the activity designed by the shutterbug team. The team that solved the clues fastest won the competition.

There were 5 rounds in the event. In the first round, the participants were shown zoomed images of places around the campus and the participants had to identify and reach the place for the next clue. In the next round, the teams were given animated photos of their seniors and they had to correctly identify and click a picture with

them, to move to the next round. In the next round, special mosaics were prepared, which revealed clues when looked upon with squinted eyes. In the subsequent round, famous audio songs were presented to the participants, which hinted about the place of the next clue. The final round was a common riddle given to all the teams. The team which reached the final location first was declared winner.

4. Cultural Night

The cultural clubs of IIIT-NR, '*Igniters, Capriccio, Indradhanush and Club De Theatre',* together organized a *'Cultural Night'*, on October 25, 2024, to celebrate and showcase the diversity, talent and creativity within the students. The event served as an inclusive platform where students from various backgrounds shared their unique artistic expressions through performances, displays and interactive activities. The event provided an opportunity to the students to enhance their confidence, teamwork and leadership skills, by organizing and participating in various performances, making it a memorable experience that enriches college life.

The performances consisted of live music with bands and solo acts bringing everything from soulful ballads to upbeat rock, adding to the lively atmosphere. Adding a competitive edge to the night, rebuttal battles took center stage, where students engaged in clever wordplay and freestyle rhymes. These battles brought out wit, humour and creativity, with participants playfully challenging each other to the delight of the crowd. It was a night where talent and camaraderie took the spotlight, making it an unforgettable celebration of music, dance and spirited rivalry.

5. Garba Dance Workshop

The dance club of IIIT-NR, *'Igniters'*, organized a *'Garba Dance Workshop',* on October 01, 2024, which aimed to enhance participants' Garba dance skills, foster creativity and promote physical and mental well-being. Through a variety of activities, including group work, individual practice and performance opportunities, participants developed confidence, self-expression and enhanced their overall dancing abilities.

The workshop was conducted to prepare the participants for *'Rangratri Garba Night',* which was organized on October 02, 2024, to celebrate the festival of Navratri.

6. Blindfold Imagination Canvas

The painting club of IIIT-NR *'Indradhanush'*, organized an event *'Blindfold Imagination Canvas'*, on October 23, 2024, to have fun with art enthusiast and to foster creativity, teamwork and intuitive thinking among students. By challenging participants to create art while blindfolded, the event encouraged them to rely on their imagination, spatial awareness and trust in their teammates. This unique activity aimed to enhance collaboration among participants. The event featured three unique and engaging games. In the first game, participants had to draw on a board while blindfolded, and their team members guessed the drawing. The second game followed a similar format, but this time, participants had to draw based on instructions that were lip - synced from one teammate to another. In the third game, participants had to guess the name of a movie by interpreting drawings made by their blindfolded teammates.

Meetings

Building & Works Committee meeting was held on October 15, 2024. Agenda items related to ongoing infrastructure works were discussed in the meeting.

Training & Placement Activities

The placement session for B. Tech. Batch 2021 started in July 2024. Following students got selected during the month:

1. Shubham Khillari, Aryan Gadroo and Aryansh Verma have been selected by **CreditSea**.
2. Namrata Panjwani, Vishal Bais, Gaurav Tripathi, Ganesh Prajapati, Siri Areli, Ashish Agrawal and Jay Padia have been selected by **Credgenics**.
3. Amit Gupta, Sanchit Namdeo and Aditya Tripathi have been selected by **Docquity.**
4. Ashutosh Dewangan, Shiva Chunbuk, Paridhi Chauhan, Zorawar Singh, Akshay Pandey, Jyoti Sahu, Jyoti Khute, Nidhi Vaishnav, Priyanshu Sidar, Akshansh Singh and Ritesh Kumar have been selected by **Wayspire**.

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction of Admin Building is in progress.
2. Sports Complex construction work is in progress.

***** End of Report *****

Status Report of Activities at IIIT-Naya Raipur

November, 2024

Academics

1. **Dr. Kavita Jaiswal,** Assistant Professor (CSE), attended the Wipro Certified Faculty Training Program, from November 11-29, 2024. The program focused on Wipro's Project-Based Learning Framework in *'Data Science with Python'*, where she gained valuable insights into teaching methodologies and practical applications of Python for Data Science.

2. **Dr. Mallikarjuna Rao K.**, Assistant Professor (DSAI), delivered a Guest Lecture on *'Data Preprocessing and Statistical Learning'* as a Resource Person in ATAL (AICTE Training and Learning Academy) FDP *on 'Exploring the applications of AI & ML'* at Govt. Girl's Polytechnic College Raipur, on 20 November 2024.

3. **Dr. Mallikarjuna Rao K.** Assistant Professor (DSAI), participated in a 5-Day Faculty Development Program on *'High Performance Computing (HPC)',* conducted by C-DAC, Bangalore, from November 14-18, 2024.

4. **Dr. Chandra Shekhar Verma**, Registrar, attended a Two-Day National Workshop on *'Management and National Education Policy – 2020'*, jointly organized by Indira Gandhi National Open University (IGNOU), AICTE, GGV Bilaspur, and Shiksha Sanskriti Utthan Nyas, at New Delhi, on December 06-07, 2024. The aim of the workshop was to explore the implementation and challenges of integrating NEP 2020 principles in management education. The event brought together academicians, researchers, and professionals to deliberate on these topics, share insights and present innovative methodologies for the future.

Faculty Achievements

1. **Dr. Kavita Jaiswal,** Assistant Professor (CSE), got an Indian patent titled ***'IoT Enabled Cradle for Infant'*** published. This patent features an IoT-powered cradle designed to enhance infant care by monitoring vital signs and providing real-time updates to caregivers.

Institute Events

1. Educational Visit by JNV School Students to IIIT-NR

Forty-one school girls, accompanied by faculty from Jawahar Navodaya Vidyalaya (JNV), Borai, Durg (C.G.), made an educational visit to IIIT-NR on November 21,

2024. These school girls are undergoing one year Vigyan Jyoti Programme, conducted by JNV Borai. This programme, funded by the Department of Science & Technology (DST), Government of India, aims at organizing various activities, including visit to an institution of National Importance, to encourage girls to pursue their higher studies in Science & Technology. DST has selected IIIT-NR as one of the institutions, to act as a Knowledge Partner for mentoring the students of Vigyan Jyoti Programme.

Department of Science & Technology (DST) had launched the Vigyan Jyoti programme in 2019-20, for meritorious girl students studying in Class IX to XII, with an objective to create a gender enabling environment in the country for attracting more girls into under-represented areas in Science, Technology, Engineering and Mathematics (STEM). The programme is in its fifth year and is being implemented in 250 selected districts of the country through Jawahar Navodaya Vidyalayas (JNVs). At each District Centre, about 100 meritorious girl students (50 each in Class IX-X and Class XI-XII), studying in JNV and other centrally funded/govt. schools, located in the vicinity of the implementing JNV, are being selected. These selected students are then exposed to various round-the-year activities, such as interaction with women role models, participation in Science Camps, visits to Knowledge Partner, lectures/tutorials, career counselling, special classes, tinkering activities, workshops, etc. Since the mandate of the Vigyan Jyoti Programme is to motivate girls to pursue higher studies and careers in under-represented areas of STEM, therefore, it is important to connect institutions of National importance, National R&D Labs, IITs, NITs, IISERs, etc., as Knowledge Partners with these JNVs to mentor and help them garner resources required to implement some of these activities.

The day-long program started with the inaugural ceremony, in which **Prof. K. G. Srinivasa**, Dean (Academics) IIIT-NR, welcomed the students and gave them an insight about the institute and its vision and mission. The students were then shown a glimpse of the activities conducted in the institute through an institute video. This was followed by a Panel Discussion by Women Faculties of IIIT-NR in Science and Engineering. The students were then taken for a visit to the state-of-the-art laboratories of the institute like Internet-of-Things lab, Robotics lab, 3-D Printing lab, Biomedical & Speech Processing lab, etc. The students were also made to do hands-on practical on some of the lab equipment available in the laboratories. In the end, a student-to-student interaction session was organized, in which IIIT-NR students briefed the school students about the institute, subjects taught, research initiatives, placements, etc. A feedback session was also conducted, in which the school girls shared their views about the programme. The students conveyed that

they were very happy to see a world class institute developed in Chhattisgarh, and would study hard to get selected to study in this institute. JNV Borai faculty praised the efforts taken by the faculty, staff and students of IIIT-NR in motivating the students to set larger goals in their academic pursuit. They said that this exposure will be a game changer for them.

2. Educational Visit by Disha College Students to IIIT-NR

Students from Disha College, Raipur, made an educational visit to IIIT-NR on November 20, 2024. The event aimed to provide students with an exposure to cutting-edge technology and to inspire them for future career opportunities. The visit began with a career guidance lecture by **Prof. Srinivasa K. G.**, Dean (Academics). Prof. Srinivasa encouraged students to chart their career paths based on their unique capabilities rather than blindly following others. Adding to the enriching experience, IIIT-NR faculty members **Dr. Shailesh Khapre** and **Dr. Lakhindar Murmu** guided the students through the institute's state-of-the-art laboratories. Students explored the Robotics Lab, IoT Lab, and 3D Printing Lab, where they gained hands-on knowledge about advanced technologies. The visit concluded on a high note, with the faculty from Disha College praising the initiative. Their feedback highlighted the educational visit as highly successful, inspiring, and informative for the students.

3. IIIT-NR Organizes Blood Donation Camp

The NSS unit of IIIT-NR, in collaboration with SAC IIIT-NR, hosted a blood donation camp on November 23, 2024, in the institute. This event was conducted under the

supervision of a medical team from Indian Red Cross Society Blood Centre, Raipur. The blood donation camp commenced with the inaugural program, in which **Dr. Krishnanand Vishwakarma**, Program Officer, NSS IIIT-NR, extended a warm welcome to the team of medical staff from IRCS Blood Centre, expressing gratitude not only to them, but also to the generous blood donors and dedicated NSS volunteers, who played a crucial role in organizing the camp. During the inaugural address, **Dr. Lakhindar Murmu**, President of SAC IIIT-NR, emphasized the significance of blood donation as a novel contribution to humanity. He said "Once a blood donor, always a lifesaver", motivating students, faculty, and staff members to actively participate in the camp and register in large numbers to donate blood.

A total of 33 units were donated during the blood donation camp. Certificates of appreciation and refreshments were distributed to express gratitude to each donor. The medical team from IRCS Blood Centre expressed their overwhelming appreciation for the donors' and for the support and hospitality provided by NSS volunteers and the institute's management.

SAC Activities

1. Technical Exhibition at Chhattisgarh Rajyotsav, 2024

IIIT-NR students showcased their innovative projects depicting advancement in cutting-edge technology and its benefits to the common man, at the Technical Exhibition held as a part of the State's annual celebration *'Chhattisgarh Rajyotsav 2024'*. **Dr. Krishnanand Vishwakarma**, NSS Coordinator and **Dr. Lakhindar Murmu**, President of the Student Activity Center, took the lead and guided the students team, which represented the institute in the event. The team of students showcased their innovative projects to display cutting-edge developments in technology. These young minds captured the attention of visitors with their creative solutions and

forward-thinking ideas. The exhibition provided an excellent platform for students to not only demonstrate their technical skills but also to connect with a wider audience, including industry leaders and fellow innovators.

2. CP Work Shop-II and CodeNubs 5.0

'The Society of Coders (TSOC)', club of IIIT-NR, organized a workshop on Competitive Programming for the first-year students, on November 04, 2024, to foster problem-solving skills and prepare them for future challenges. The seniors shared their personal experiences and journey in Competitive Programming, and motivated the juniors by highlighting the challenges and rewards of CP. The advanced CP topics discussed included Sorting Algorithms, Bit Manipulation, and Searching Techniques. The seniors explained the significance of CP in the current job market and how it opens doors to top tech companies. They provided insights on how CP helps candidates stand out from the crowd through exceptional problem-solving skills and technical expertise.

As a follow-up to this event, the club organized the 5th edition of *'CodeNubs'* for the first year students, which aimed to provide them with their first Coding Challenge. The questions were tailored to the skill level of junior students, ensuring a balanced challenge.

3. Media Matrix 2024

IIIT-NR organized its flagship media and technology event, *'Media Matrix 2024'*, from November 08-10,2024. The three-day event brought together over 200 creative minds, problem solvers, and tech enthusiasts from schools and colleges across India, creating an inspiring environment that highlighted the integration of media and technology. This year's Media Matrix was an immersive experience featuring eight curated tracks, each designed to foster innovation, teamwork, and skill development.

From eSports Championship, like thrilling *'Valorant'* and *'BGMI'* tournaments, to *'AdVENTURE'*, an ad-making competition, and *'Reasoning Rumble'*, a high-energy debate event; Media Matrix offered something for every interest. Tracks like *'AI Chronicles'*, focused on artificial intelligence challenges, and *'Cryptic Hunt'*, a mind-bending puzzle-solving quest; highlighted the event's commitment to emerging technology and intellectual engagement. *'Broadcast Battlefield'* challenged participants to showcase pitching and presentation skills; while *'Designathon'* encouraged creativity in a competitive design format. The final track, *'Clash of Campus'*, featured an engaging quiz competition, adding a fun and competitive edge to the array of events.

The vibrant campus atmosphere saw participants actively engage in workshops, networking sessions, and challenges that put their creative and technical abilities to the test. **Dr. Ruhul Amin**, Faculty Coordinator of Media Matrix, said that Media Matrix has not only provided a platform for showcasing talent, but fostered an environment where ideas come to life. The event concluded with an awards ceremony honoring participants who demonstrated outstanding skill, creativity, and teamwork.

4. How to Ace AI Hackathons

AI/ML club of IIIT-NR organized a workshop *'How to Ace AI Hackathons'*, on November 12, 2024, for the first year students, where the senior students guided the newcomers, by sharing their past hackathon experiences, to foster problem-solving skills and prepare

them for future challenges. During the workshop, the seniors motivated the juniors by highlighting the challenges and rewards of participating in hackathons. They shared a roadmap for web development, presentation making and getting started into hackathons. They introduced the juniors with many tools and libraries used for AI development and explained the significance of Hackathons in building connections and how it opens doors to top startups. They provided insights on how Hackathons help candidates stand out from the crowd through exceptional problem-solving and code execution skills.

5. Xcelerate – Where Finance meets Innovation

The Financial Club of IIIT Naya Raipur, *'Money Matters'*, organized an event *'Xcelerate'*, in collaboration with Zerodha and sponsored by NTPC Ltd., from November 18-24, 2024. The event aimed to foster financial literacy and engagement through a triad of dynamic competitions: Paper Trading, Debate and a Finance Quiz. The event began with the Paper Trading Competition. In this segment, students navigated through simulated stock market scenarios, honing their trading skills and learning the nuances of market analysis. The event offered participants a unique opportunity to strategize, adapt and refine their financial instincts in a risk-free environment, ensuring a valuable and practical learning experience.

The next event was the Finance Quiz, conducted by *'Inquizitive'*, the quiz club of IIIT-NR. The three-round quiz challenged participants on topics ranging from economics and policies to market trends, featuring engaging rounds like Case Studies, the Tagline Challenge and a thrilling Tie-breaker to determine the winners. The quiz showcased the participants' analytical and critical thinking abilities, creating a high-energy atmosphere.

The grand finale of Xcelerate unfolded on November 24, 2024, beginning with a Debate Competition, focusing on economic policies and financial topics, organized in collaboration with *'Take Da Bait'*, the debate club of IIIT-NR. The competition followed a two-stage structure - Round Table Discussions, where participants analyzed and discussed finance-related topics in groups; and Formal Debate Rounds, where winners of the preliminary round, engaged in head-to-head debates on spontaneously assigned topics. The debate concluded with insightful feedback and inputs from the esteemed judge, **Mr. Avnish Bhabhra**, who shared his expertise as a seasoned professional in accountancy and education.

This was followed by an inspiring interactive speaker session by **Mr.Yash Awidra**, a Career and LinkedIn Coach, with over 2 lakh LinkedIn followers and a Senior Consultant at Mercedes-Benz Research and Development (India). Mr. Awidra shared invaluable advice on Personal branding and building a strong online presence; Networking strategies to grow connections effectively; Skill-building tips for early career growth; and Balancing academics and professional pursuits to promote a culture of *'Earn and Learn'*.

The event concluded with a Closing Ceremony, where the winners of the competitions were announced. Xcelerate 2024 successfully merged learning with competition, empowering students with practical financial knowledge and soft skills, essential for their future endeavors.

Training & Placement and Entrepreneurship Activities

1. The placement session for B. Tech. Batch 2021 started in July 2024. Following students got selected during the month:

a) Swastika Satya has been selected by **Atlassian**.

b) Akshat Rishi Sontu has been selected by **GoVivace**.

2. Disrupt 2024

The Entrepreneurship Cell (E-Cell) of IIIT-NR hosted its annual event *'Disrupt 2024'* Pitching Competition, on November 23, 2024, marking a significant milestone, as it went inter-college for the first time. The event saw student entrepreneurs from multiple colleges converge to present their innovative startup ideas, offering a dynamic platform to showcase their business ventures to a panel of industry experts and distinguished judges.

Disrupt – now in its fourth edition – is designed to nurture the entrepreneurial spirit by encouraging students to think creatively and challenge conventional business models. The event's name carries special meaning, with each letter representing a core value of entrepreneurship - **D**rive, **I**nclude, **S**eparate, **R**epurpose, **U**nite, **P**ersonalize and **T**ransplant.

Adding even more value to the event, **Mr. Neelansh Kaabra**, the founder of CreditSea, was invited as a guest speaker. In his talk, Mr. Neelansh shared his entrepreneurial journey, insights on scaling startups, and the challenges of the Fintech space. His

talk inspired the participants to think beyond conventional limits and embrace innovation in their business ventures.

The competition involved teams pitching their ideas in a time-constrained format, followed by a Q&A session, with the panel of judges. The judges for the competition were **Mr. Rajat Mishra**, an experienced entrepreneur and investor, and **Mr. Laksh Parakh**, a business strategist and mentor, and **Prof. Srinivasa K.G.**, Dean Academics, IIIT-NR. The experts evaluated each idea based on its market relevance, scalability, and potential for growth.

Winners:

First Prize: Team DEVNULLX (Hyderabad)
Second Prize: WI Beat (IIIT-NR)
Third Prize: Surbhi Incense (ITM-University)

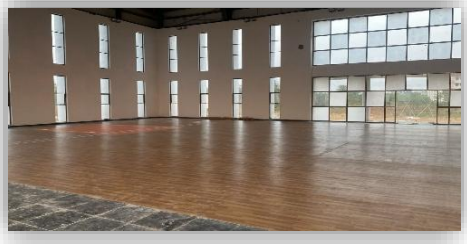

Infrastructure

Status of Various Infrastructure Development Projects

1. Construction of Admin Building is in its last stage. The furniture for the building has arrived and assembling is in progress. The expected date of completion is January 15, 2025.

2. Sports Complex construction work is in progress. Building construction work is over and the flooring work of the basketball and badminton courts is in progress. The expected date of completion is January 15, 2025.

3. The Amphi Theatre construction work is in progress. Tiles fitment work is going on. The expected date of completion is February 28, 2025.

4. Open Gym equipments have been fitted in the garden in front of the newly constructed residential blocks.

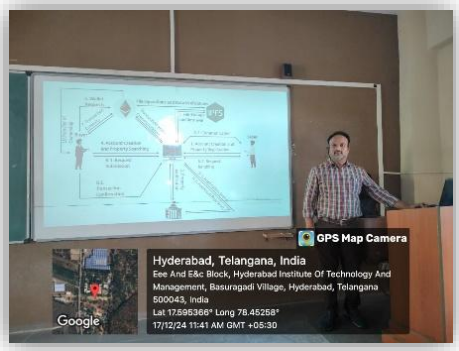

***** End of Report *****

Status Report of Activities at IIIT-Naya Raipur

December, 2024

Academics

1. Dr. Mallikharjuna Rao, Assistant Professor (DSAI), delivered a Guest Lecture on *'AI for Smart Governance and Citizen Services: Enhancing Citizen Engagement through AI-driven Platforms'*, as a Resource Person, in the ATAL (AICTE Training and Learning Academy) FDP on *'Smart Cities of Tomorrow: Leveraging AI for Urban Sustainability'*, at Hyderabad Institute of Technology and Management, Hyderabad, on December 17, 2024.

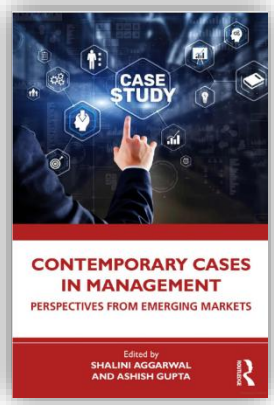

2. Dr. Kavita Jaiswal, Assistant Professor (CSE), attended the Wipro Certified Faculty Training Program Assessment on December 24, 2024 and successfully cleared the TalentNext certification. She is now recognized as a mentor for Project-Based Learning (PBL) in Data Science with Python.

3. A book chapter by **Dr. Amit Agrawal**, Associate Professor (Management), got accepted in the book, *'Contemporary Cases in Management: Perspectives from Emerging Markets'* with Routledge Taylor & Francis Group.

This book features a diverse collection of insightful case studies that delve into real-world scenarios, offering valuable lessons for both academics and professionals. From family-owned enterprises in India, grappling with succession-planning, to tech startups, navigating regulatory uncertainties, these case studies capture the essence of managerial dilemmas in emerging markets. Through rich narratives and rigorous analysis, the essays in this volume provide strategies for organizations to deal with turbulent times, declining sales and productivity, shrinking investments or consumer base and the need for businesses to innovate, expand and grow.

Institute Events

1. FDP on Integrating National Education Policy (NEP) into Higher Education Framework and Challenges

IIIT-NR holds FDP on Integrating NEP into Higher Education Framework and Challenges

■ Staff Reporter
RAIPUR, Dec 11

THE Internal Quality Assurance Cell (IQAC) of IIIT-Naya Raipur organised a 5-day Faculty Development Program (FDP) on 'Integrating National Education Policy (NEP) into Higher Education Framework and Challenges'.

Main objective of the programme was to facilitate the integration of the NEP 2020 into the higher education framework. Recognising the transformative potential of NEP 2020 in reshaping the Indian Education System, the workshop focused on critical aspects like curriculum restructuring, inter-disciplinarity and institutional reforms.

The inaugural session began with a warm welcome by the IQAC coordinator Dr Shrivishal Tripathi, who highlighted the significance of NEP 2020 in transforming the educational landscape and its relevance to the institution's vision.

In his keynote address, Dean (Academic) Professor K G Srinivasa of IIIT-N emphasised the need for academic institutions to align their teaching, learning, and evaluation processes with NEP directives to remain globally competitive, while addressing national priorities.

Distinguished guest speaker and Chief Guest Professor O P Vyas from IIIT Allahabad provided insights into the policy's potential to foster interdisciplinary learning and holistic development. He discussed on 'Curriculum Designing Consideration' and explained the critical role of multidisciplinary education in breaking departmental silos. Academic Bank of Credits (ABC) and Multiple Entry and Multiple Exit (ME-ME) was presented using case study for better understanding of the audience.

Guests along with faculties of IIIT-NR at the FDP

During the workshop, experts highlighted the importance of possible prospect to start the framework development for NEP implementation in the curriculum - outcome-based learning, multidisciplinary education, flexibility in learning pathways, incorporating emerging technologies, promoting Indian Knowledge Systems (IKS) and Integration of ABC and ME-ME. The FDP received overwhelmingly positive feedback for its engaging discussions and actionable insights.

Faculty members emphasised the need for continued training to keep pace with NEP developments. The institute is planning to organise follow-up workshops to ensure seamless implementation of the ideas discussed.

The Internal Quality Assurance Cell (IQAC) of IIIT-NR organized a 5-day Faculty Development Program (FDP) on *'Integrating National Education Policy (NEP) into Higher Education Framework and Challenges'* from December 02-06, 2024. The program aimed to facilitate the integration of the National Education Policy (NEP) 2020 into the higher education framework. Recognizing the transformative potential of NEP 2020 in reshaping the Indian Education System, the workshop focused on critical aspects like curriculum restructuring, interdisciplinarity, and institutional reforms. Faculty members from all departments, including Electronics and Communication Engineering (ECE), Computer Science and Engineering (CSE), Data Science and Artificial Intelligence (DSAI), Humanities and Management (HM), and Science and Mathematics (SM), participated actively in the discussions. NEP 2020 underscores a holistic, flexible, multidisciplinary approach to education, aimed at fostering innovation, critical thinking, and problem- solving skills. The policy advocates an outcome-based educational framework and emphasizes inclusivity, creativity, and sustainability in learning. In the context of higher education, NEP envisions a departure from rigid, compartmentalized structures to a more flexible and student-centered ecosystem.

The discussions emphasized that aligning with NEP principles would elevate IIIT-NR to a position of academic leadership, preparing students for global opportunities, while addressing local and national challenges. Each session brought forth vital perspectives on the integration of NEP into the academic fabric. Distinguished guest speaker and Chief Guest **Prof. O. P. Vyas,** from IIIT Allahabad, discussed on *'Curriculum Designing Consideration'* and explained the critical role of multidisciplinary education in breaking departmental silos. Academic Bank of Credits (ABC) and Multiple Entry and Multiple Exit (ME-ME) was presented using case studies, for better understanding of the audience. He presented actionable models that encouraged collaboration across departments. This approach was seen as essential for preparing students for real-world, multifaceted challenges.

Other distinguished experts highlighted the importance of the following, as a possible prospect to start the framework development for NEP implementation in the curriculum - Outcome-Based Learning, Multidisciplinary Education, Flexibility in Learning Pathways, Incorporating Emerging Technologies, Promoting Indian

Knowledge Systems (IKS) and Integration of ABC and ME-ME.

The FDP received overwhelmingly positive feedback for its engaging discussions and actionable insights. Faculty members emphasized the need for continued training to keep pace with NEP developments. The institute is planning to organize follow-up workshops to ensure the seamless implementation of the ideas discussed.

2. Two-day Mathematics Training and Talent Search Overture Programme

IIIT-NR organized a 2-Day Mathematics Training and Talent Search (MTTS) Overture Programme (under the aegis of MTTS Trust), for the 2nd year undergraduate Mathematics students from December 07-08, 2024.

The inaugural session of the event was held on December 07, 2024, in the presence of **Prof. K. G. Srinivasa**, Dean (Academics), **Dr. Mithilesh Chaube**, Dean (R & I), and the resource persons **Prof. G. Santhanam** (President MTTS Trust), and **Dr. Anuwedita Singh** (Assistant Professor, ABV-IIITM Gwalior).

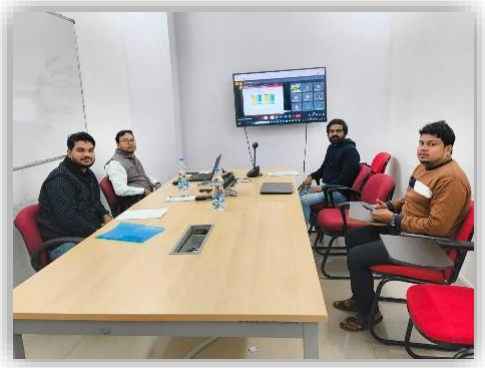

In his inaugural address, Prof. G. Santhanam shared the outline of the programme highlighting that main objective of this programme was to motivate the participants for higher studies in Mathematics and to develop their interest towards research in Mathematics.

Students from various districts of Chhattisgarh like Raipur, Durg, Korba, Rajim, and Mahasamund, gathered together to polish themselves through this event. In this two day programme, participants learned the Basics of Mathematics, such as Algebra, Real Analysis and Geometry, in a very innovative and interesting way. In their feedback, the participants said that after attending this programme, their perspective about Mathematics has changed and they have got motivated to pursue higher study in the field of Mathematics. The event was coordinated by **Dr. Chandra Shekhar Nishad** and **Dr. Mithilesh Chaube**.

3. 3rd International Workshop on Advanced Mathematics

The Centre for Applied Mathematics, IIIT-NR, organized its *'3rd International Workshop on Advanced Topics in Mathematics (IWATM)'* from December 16-20, 2024. The workshop aimed to bring together students, researchers, academicians and industry persons to share and enhance their knowledge of advanced topics in Mathematics. The workshop mainly focused on Mathematical Modelling, Simulation, Numerical Analysis, Scientific Computing, Computational Fluid Dynamics, Quantum Information, Error Correction and Algebraic Coding Theory.

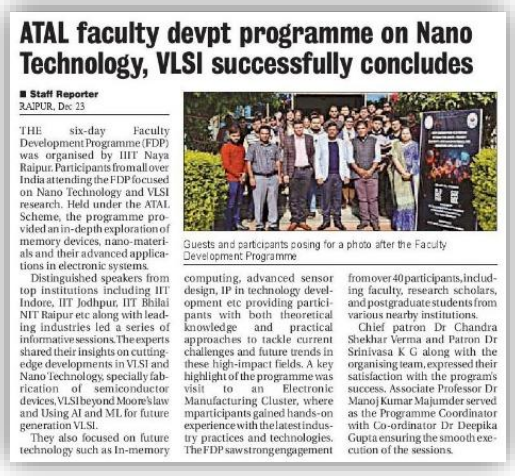

More than 100 researchers from India and abroad participated in the workshop. The five-day workshop had 15 sessions, including five sessions for research paper presentations by the participants. There were 12 renowned keynote speakers and 08 invited speakers, which included **Prof. Udaya Parampalli**, University of Melbourne, Australia; **Prof. Ramana Reddy**, Tohoku University, Japan; **Prof. S. K. Pandey**, IIT BHU; **Prof. G. P. Rajashekar**, IIT Kharagpur; **Prof. B. S. Thakur**, PRSU Raipur; etc.

The workshop was inaugurated by the Chief Guest, **Prof. G. P. Rajashekar**, IIT Kharagpur, and Dean Academics, **Prof. K. G. Srinivasa**, IIIT-NR, followed by the release of the abstract book of the workshop. Prof. Rajashekar addressed the participants and highlighted the importance of having such events to address contemporary research problems. He particularly emphasized on the Applications of Mathematics, such as Physics-inspired Neural Networks, Astronomy, Biology, Quantum Computing, Cryptography, etc. He also suggested that young researchers should not rush for publications, but rather focus on the quality of the work. In his inaugural speech, Prof. Srinivasa said that the Centre for Applied Mathematics, IIIT-NR, was established to promote research and outreach activities in Mathematics and its applications in Chhattisgarh and India at large, and the workshop was an initiative in this direction. **Dr. Mithilesh Chaube**, **Dr. Ramakrishna Bandi**, **Dr. Chadra Shekar Nishad**, and **Dr. Krishnannad Viswakarma** were the convenors of the workshop. The workshop also commemorates the birth anniversary of the renowned mathematician **Srinivasa Ramanujan**.

4. Six-Days ATAL Faculty Development Program on Nano Technology and VLSI

A 6-day Faculty Development Program (FDP) on *'Nano Technology and VLSI'*, was organized by IIIT-NR from December 16-21, 2024. The FDP attracted participants focused on Nano Technology and VLSI research from all over India. Held under the ATAL scheme, the program provided an in-depth exploration of Memory Devices, Nano-materials, and their advanced applications in electronic systems.

ATAL faculty devpt programme on Nano Technology, VLSI successfully concludes

■ Staff Reporter
RAIPUR, Dec 23

THE six-day Faculty Development Programme (FDP) was organised by IIIT Naya Raipur. Participants from all over India attending the FDP focused on Nano Technology and VLSI research. Held under the ATAL Scheme, the programme provided an in-depth exploration of memory devices, nano-materials and their advanced applications in electronic systems.

Distinguished speakers from top institutions including IIT Indore, IIT Jodhpur, IIT Bhilai NIT Raipur etc along with leading industries led a series of informative sessions. The experts shared their insights on cutting-edge developments in VLSI and Nano Technology, specially fabrication of semiconductor devices, VLSI beyond Moore's law and Using AI and ML for future generation VLSI.

They also focused on future technology such as In-memory computing, advanced sensor design, IP in technology development etc providing participants with both theoretical knowledge and practical approaches to tackle current challenges and future trends in these high-impact fields. A key highlight of the programme was visit to an Electronic Manufacturing Cluster, where mparticipants gained hands-on experience with the latest industry practices and technologies. The FDP saw strong engagement from over 40 participants, including faculty, research scholars, and postgraduate students from various nearby institutions.

Chief patron Dr Chandra Shekhar Verma and Patron Dr Srinivasa K G along with the organising team, expressed their satisfaction with the program's success. Associate Professor Dr Manoj Kumar Majumder served as the Programme Coordinator with Co-ordinator Dr Deepika Gupta ensuring the smooth execution of the sessions.

Guests and participants posing for a photo after the Faculty Development Programme

Distinguished speakers from top institutions, including IIT Indore, IIT Jodhpur, IIT Bhilai, NIT Raipur, etc. and from leading industries, led a series of informative sessions. These experts shared their insights on cutting-

edge developments in VLSI and Nano Technology, specially Fabrication of Semiconductor Devices, VLSI beyond Moore's law, Using AI and ML for future generation VLSI, along with future technology, such as In-memory Computing, Advanced Sensor Design, IP in Technology Development etc., providing participants with both theoretical knowledge and practical approaches to tackle current challenges and future trends in these high-impact fields.

A key highlight of the program was a visit to an Electronic Manufacturing Cluster, where participants gained hands-on experience with the latest industry practices and technologies. This exposure bridged the gap between theoretical learning and practical application, while fostering valuable networking between academia and industry professionals.

The FDP saw strong engagement from over 40 participants, including faculty, research scholars, and postgraduate students from various nearby institutions. The expert-led sessions, practical training, and industry visits significantly enhanced their understanding of VLSI and Nano Technology trends.

Dr. Manoj Kumar Majumder, Associate Professor, served as the Program Coordinator, with **Dr. Deepika Gupta**, Assistant Professor, as Co-Coordinator, ensuring the smooth execution of the sessions.

5. IEEE Women in Engineering (WIE) Program for Young Minds in School Education

IEEE Student Branch members of IIIT-NR visited Higher Secondary School Uparwara, on December 07, 2024, to motivate students, specially girl students, to pursue studies in Science, Technology, Engineering and Mathematics (STEM) streams. **Dr Deepika Gupta**, IEEE Student Branch Counselor also counseled the students about the future career opportunities related to these streams.

SAC Activities

1. Fit India Celebration and World HIV/AIDS day campaign

The National Service Scheme (NSS) team of IIIT-NR organized *'Fit Indian Freedom March'*, on December 01, 2024, to honor the wounded warriors and martyrs of our Armed Forces. The aim of the march was to brings people together to show respect,

gratitude, and support to the Armed Forces, for their bravery and sacrifice. The event commenced with a welcome note by SAC President **Dr. Lakhinder Murmu**, followed by the march, in which students, staff and faculty marched around the institute and gathered in front of the academic building, to take the Fit India Pledge 6.0. The Red Ribbon Club of IIIT-NR, also joined the march with banners to spread awareness about HIV/AIDS Prevention, as part of celebrations of World AIDS Day.

2. DevFest Raipur 2024

Google Developers Group (GDG) Raipur and Students Activity Centre (SAC) of IIIT-NR, together organized *'DevFest Raipur 2024'*, on December 22, 2024, to bring together developers and tech enthusiasts on one platform, to learn from and connect with each other. The event provided insights into Google's latest technologies, enhanced skills through workshops and hands-on sessions, and fostered innovation by showcasing impactful projects. The event commenced with a welcome note by SAC President **Dr. Lakhinder Murmu,** followed by address by GDG Raipur Chief. The event involved talks by seven experts in the field. The attendees were given insights in all domains like fronted, backend, app development etc.
